5four PAYROLL SERVICES

Operating a payroll these days is extremely complex. Not only do you have to contend with employees' NI, employers' NI and PAYE but student loan deductions, maternity pay, SSP, holiday entitlements, PAYE inspection visits, the list is almost endless.

It is vital a payroll is operated correctly because if you underpay an employee it can cause friction and financial hardship for the member of staff. If you overpay them they may spend the overpayment which could cost the business money.
