LIGHTING

London | Hong Kong

Zico Lighting's range of antique style LED filament lamps offers the warm and elegant feel of any classical light source whilst saving up to 90% of the energy usage.

Five-star hotel groups like the Four Seasons or Claridge's, Europe's finest restaurants and discerning private clients are now enjoying Zico Lighting LED filament lamps: tested by the leading dimming and control companies such as Lutron, Mode, Helvar, Eaton and Intecho, they offer premium, dimmable LED filament lamps at affordable prices.

The Zico Lighting brand was created to offer a premium quality product for interior designers and lighting designers who required a premium product range to offer their clients. These designers were having difficulty finding a brand that offered the quality of light with the warmth and aesthetics the hospitality market requires. With a high CRI the Zico Lighting range offers superior light quality, the smoothest dimming and a 3 year warranty; underpinning the reliability of the technology used in these innovative lamps.

LED filament technology

Miniaturized SMD-LED-chips and high-tech carrier-material now permit the assembly of Chip on Glass LED filaments (COG) with high luminous intensity, warm colour and highest colour rendering, that just look like tungsten filaments. LED filaments are produced using the best materials available. The reduction to a few carefully selected electronic components of highest quality optimises material as energy efficiency and allows for extremely high switching capability. Another advantage of the special circuit concept is the low flicker rate, also in dimmed state, so "stroboscopic effects" can be certainly avoided.

Project: Sexy Fish Restaurant, London

The Unique Features of Zico Lighting Products

Superior Dimming (as recommended by Lutron)

Up to CRI95

AC220-265V, 12V & 24V

Flicker-Free

Certification CE, RoHS, UL & CL

In-rush Protection 800V

Base Cap Options: E10, B15, B22, E14, E27 & G9

Shatterproof Coating

Bespoke Service available

Project: Kaia Restaurant at The Ned Hotel, London

French Candle C22

Description	Clear LED dimmable French Candle C22 filament lamp
Socket	E14, E10 
Dimmable	Yes (leading and trailing edge)
LED Wattage	1,5w
Equivalent	10w
Lumen	60lm
CRI	CRI90
Warranty	3 years
Lifetime	30,000hrs
Cycles on/off	100,000
Starting time	>0.2 sec
Voltage	200v-265v
Hz	50/60Hz
In-rush protection	800V
Power factor	>0.9
Operating temperature	-30c to +40°C
Energy class	A+
Angle	320
Height	86mm
Width	22mm
CCT	2600K

-  3 Year Warranty
-  90 Lm
-  CRI 90
-  30000h
-  320°
-  ON/OFF 100,000
-  POWER FACTOR >0.8
