House Builders & Developers

Whether you are refurbishing a one-off property or developing or designing multiple units operating in the private or social sector we have the experience and products to suit. Using the most up to date installation methods and as the product manufacturer with full certification, we bring flexibility to your project large or small. We are CIRI Registered Number 150133. So please contact us at the early design stages to take advantage of the latest designs and ideas.

Respond Housing, Chanel Manor, Coolock, Dublin 5.

Marlet Property Group constructed the new Respond social housing development in Chanel Manor, Coolock, Dublin 5. This project was built on former land of Chanel College. We installed 1200mm high powder coated black over galvanised finish railings to front gardens and also dividing gardens.

Janeville, Carrigaline, Co. Cork.

Working for Astra Construction Services who are building 800 homes on the 100-acre site. We supplied 1500mm high Ornamental Railing and 1800mm high Ornamental Railing which was manufactured in house to follow the curve of the entrance.

Somerton, Newcastle Road, Lucan, Co. Dublin.

Castlethorn Developments are currently constructing a new phase of homes at Somerton, Newcastle Road, Lucan, Co. Dublin. Recently we installed external bin storage fence and gates, made up of hardwood timber on steel frames and posts. The use of galvanised steel posts and frames will reduce the risk of corrosion and weakness at a later date.

Fairhaven, Castleknock

At Fairhaven, Castleknock, next to the Phoenix Park, we supplied railings along with Hit & Miss Timber fencing. The development has over 150 new homes & working with the developer, Flynn O'Flaherty we installed 270m of Hit & Miss Timber Fencing, & over 600m of Bar in Bow Railings in a black powdercoated finish.

Georges Place, Dun Laoghaire, Co. Dublin

At the recently completed social housing scheme in Dun Laoghaire, Co. Dublin. We worked with John Sisk & Son where we installed new solid bar fencing and gates to twelve new constructed units.

Scholarstown Wood, Rathfarnham, Dublin 16

Scholarstown Wood is located in the much sought after and fashionable suburb of Rathfarnham, Dublin 16. At this project we worked with Andrews Construction, where we installed 50x10mm Flat Bar Railing and matching gates in a powder-coated grey finish over hot dipped galvanising. Safety handrails were also installed to steps & footpath.

Safe-T-Cert Accredited

We are proud to be CIRI and Safe-T Cert accredited members.

Founder Members of ISME and of Guaranteed Irish. We recognise that operating in a responsible manner is paramount to the continued growth of our organisation's reputation, quality and reliability. We value our clients, our employees, the environment and place the utmost importance on quality and safety within our work place operations.

We use our Experience to monitor your project and keep to the agreed price.

We have over 46 years' experience and we know that things can change from the initial design or plan, so we monitor the installation process on an on-going basis. Our Contracts managers get daily feedback from our crews and liaise with site personnel to minimise delays and manage changes.
