

NOLLA SHOE DEODORANT

ANTIMICROBIAL

Nolla Shoe Deodorant is a fast-acting odor eliminator which instantly removes unpleasant smells from all kinds of shoes.

Nolla Shoe Deodorant provides long-lasting freshness by creating an invisible layer of silver ions inside your shoes. The layer eliminates 99.999% of odor-causing and shoe-damaging bacteria while continuing to protect your shoes. The deodorant is based on Nolla silver polymer technology, which is safe to use and leaves shoes fresh without artificial odor-masking fragrances. Why try to hide bad smells with fragrances, when you can remove them completely?

Nolla Shoe Deodorant is suitable for all types of footwear, including leather, synthetics, sports shoes etc.

- ✓ ELIMINATES SHOE ODORS
- ✓ SUITABLE FOR ALL TYPES OF FOOTWEAR
- ✓ KILLS UP TO 99.999% OF SHOE-DAMAGING BACTERIA
