ABOUT THE EVENT

WHO ARE CCF QLD?

The Civil Contractors Federation Queensland (CCF QLD) is responsible for representing the interests and being the voice of the civil construction industry in Queensland while enhancing the prosperity of its members. With dedicated offices located in Brisbane, Townsville & Cairns, CCF QLD is tasked with ensuring the needs of the sector are understood by all levels of government while advocating for a sustainable future for both its members and the industry as a whole.

WHY WERE THE QUEENSLAND CIVIL CONSTRUCTION FIELD DAYS CREATED?

After identifying a gap in the Queensland market, CCF QLD decided to launch a civil-focussed field day exhibition in 2019 in order to showcase the latest technology, equipment and services available to the civil construction sector specifically. Following the success of the inaugural event, which saw more than 900 attendees visiting over 40 exhibitors, the Queensland Civil Construction Field Days will be held again from 21st - 23rd May 2020* at the Rocklea Showgrounds. CCF QLD have taken on-board feedback from foundation exhibitors to give the 2020 event the potential to be bigger and better than the last. Exciting new event features include: an additional day (now a 3-day event), food trucks, live demonstrations**, greater flexibility on site sizing and positioning, a larger exhibition area, bar facilities, improved on-site car parking (more than 300 car parks on-site along with more nearby) and secured on-site storage for small exhibitor items. This event will attract a range of civil construction workers from Managing Directors and General Managers through to on-site Project Managers & Labourers - and everyone in between!

Exhibition opportunities exist for all suppliers of products and/or services to the civil construction industry in Queensland. This includes: equipment, hire services, professional advice (i.e. legal advice, human resource services, finance) and much more. Below are a range of site types at competitive prices (a total amount covering all three event days). Foundation Exhibitors (those who exhibited at the inaugural 2019 event) will receive a 10% discount off the relevant prices below.
