Allibert Buckhorn UK Ltd comprises three main product ranges:

- One of Europe’s largest selections of plastic storage and handling products, ranging from a host of extremely versatile containers to equipment designed for specialist use.
- The Racking and Shelving Team design and install complete systems for industrial or commercial facilities, with the expertise to develop innovative and effective solutions for clients.
- **The Helix** range includes bulk liquid storage tanks, intermediate bulk containers, and associated specialist products for the chemical, water and waste industries.

At its Gloucester factory Allibert Buckhorn uses robot technology to manufacture a wide range of materials handling containers.

Also at Gloucester the company produce bulk liquid storage tanks by the unique Helix process for the chemical and allied industries.

Allibert Buckhorn UK Ltd is a subsidiary of Myers Industries Inc. (USA). Registered office: Myers House, Corbett Business Park, Shaw Lane, Stoke Works, Bromsgrove, B60 4EA, Great Britain.

All products in this catalogue are protected by patent, registered design or copyright. In line with our policy of continuous development, we reserve the right to amend product specifications without prior notice.
