## **Don't have time for Health and Safety?**

Office Managers are often baffled by the amount of legislation they need to comply with and are usually flat out working on core business tasks. Consequently they cannot find the time to attend to the Risk Assessments and the subsequent action required to reduce the risk. Our solution is that we do all the work for you.

## **Do you really need to bother with Health and Safety?**

It is a common misconception that offices are so low risk that there isn't any need to make a fuss about Health and Safety. The HSE provide statistics that show that one of the major reasons for sick leave are back complaints, hence their requirement for Risk Assessments for Display Screen Equipment(DSE); Manual Handling; Pregnant Mothers; etc.

## **Let us do all the work for you.**

If you are an Office Manager who is unsure of what to do and are short of the time needed to sort out all the Risk Assessments you may be feeling overwhelmed by it all. This is where THE WILKINS SAFETY GROUP can help you. We have developed the systems to get you legal with the minimum of fuss. We will do all the work for you and report back to you with proposed solutions.

**Remember, we are on the owner/manager's side and aim to provide peace of mind. You will no longer have to concern yourself with awkward employees or third parties, just pick up the phone or email us and get us to fight your corner.**

## **Some of the areas in which we can help include:**

- Fire Risk Assessments
- Fire Evacuation Procedure Training (Fire Marshals Training)
- DSE Risk Assessments
- Manual Handling Risk Assessments and Training
- Pregnant Women Risk Assessments
- Disablement Access Risk Assessments
- Premises Risk Assessments
- Electrical PAT Testing

## **Office based companies we have helped include:**

- Royal Bank of Canada Ltd in Jersey
- Public Services Ombudsman for Wales
- Somerset Partnership NHS & Social Care Trust
- Modern Money Ltd in both Oxford & Kensington, London
