| The Company

DO.II is a Nigerian based interior solutions, furniture manufacturing and retail company. With a cumulative total of over three decades of experience, it opened its first boutique store under the brand name Design Options in Lagos in 1991 specialising mostly in residential furniture and interiors.

Several years later the business moved into a 300 square metre furniture showroom, on two floors in the high brow area of Victoria Island to be closer to its target market. The Design Options brand grew to become a household name in Lagos.

In 2012 following a major reorganisation and rebranding, DO.II DESIGNS emerged, with a greater focus and product offering for the Corporate Market Segment.

Seven years later in 2019, DO.II launched its Flagship Store The DO.II Place, a 1300m², four-storey building strategically located on the leading commercial high street in Victoria Island, Lagos. This Store is spacious and well lit, with furniture and accessories stylishly arranged in a manner that allows the customer to visualise our products in their spaces thus making the selection process easier and more pleasurable.
