

## A new national postal service

**Brought to you by APC in partnership with Whistl**

Now you can take advantage of our brand new mail service that offers one convenient collection for your mail and parcels, plus significant savings on your postage costs.

We've teamed up with Whistl, the UK's second largest postal operator handling over 3.8 billion items of mail in 2015, to offer you exclusive rates on your second class, non-urgent mail.

There's no stamping or franking required and just one collection to get ready for.

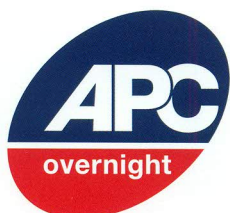

All you need to do is put your mail in our courier pack and we'll collect it alongside your parcels at no extra charge – it really couldn't be easier.

We'll then give your mail to Whistl to sort, process and hand over to Royal Mail for final delivery to the recipient.

It means you only have one friendly team to deal with, one collection and one invoice from a company that you can rely on to deliver excellent value-for-money.

### How you benefit

- *10% saving on postage costs*
- *Hassle-free service with no franking or stamping*
- *Quick and easy mail preparation*
- *Convenience of one collection for post and parcels*
- *No extra charge for collection*
- *Simplicity of one invoice from one supplier*

## What you can save

	Small 100g	Large 100g	Large 250g	Large 500g	Large 750g
<b>STAMPED MAIL</b> Royal Mail Price	55p	75p	£1.20	£1.54	£2.09
APC price	49p	67p	£1.08	£1.38	£1.88
10% saving per letter	6p	8p	12p	16p	21p

A minimum charge of 30 small letters will apply per courier pack

## What you can send

You can fill your courier pack with a mix of mail up to 5kgs. It's perfect for non-urgent small and large letters.
