

**Graduated from University of Connecticut
May 2017**

**B.S. in Computer Science Engineering
Minor in Math
Minor in Business Administration**

After 2 summer internships with Athena Health in Watertown, MA., I was offered a full-time position as a Software Developer. I currently have relocated to Watertown and love what I am doing. I enjoy the people I work with and look forward to building on my education.

Thank you to the Silver Shield Foundation for your support.
