Dear Friends of the Community Foundation,

The members of the Board of the Community Foundation of Western PA and Eastern Ohio (the Community Foundation) are excited and honored to deliver this annual report to all of our friends and supporters. The Community Foundation's story is one that balances stability while experiencing great growth. Further, we believe the reader will quickly see that the Community Foundation operates successfully and effectively on a multi-county, regional basis. This desired, yet unusual, result is only accomplished by the collaboration encouraged through the Community Foundation. This collaboration is instituted by donors within the foundation working both with each other and with organizations and nonprofits throughout the community.

From our beginnings in 1981, the Community Foundation has grown in not only assets, but in areas served. To accomplish that, regional affiliates have been formed to represent and serve their particular geographic area. These affiliates know their areas best, along with what needs and opportunities for change reside there. Today, we have six regional affiliates, which you'll learn more about in this report. You'll become familiar with their charitable activities in their individual communities. It is important to note that, while they are focused to best serve their particular region, each affiliate is represented on the Community Foundation's board. This has resulted in great synergies that have had measurable impact on our community at large.

The Community Foundation's affiliates share a common vision and belief in the strength of our unified region. These affiliates are all designed to attract and invest charitable gifts to align with the donors' intentions and wishes. They are all driven to see philanthropy be implemented in a responsible, efficient manner. They are all interested in the betterment of the individual communities and the region at large. It is in working together that we have been most effective, whether to address the growing health and family services needs, community development or education programs-to name a few. With a mission to serve the community, our intention is to be aware of the ever-changing needs in order to address them. Addressing them together has become a more common practice and one that will continue.

As Community Foundations continue to be fast-growing vehicles for philanthropy, we are proud to say that this foundation offers stewardship accompanied by ethics, delivered in a most cost-effective manner.

We are honored to serve our donors and our community.

Our Foundation: Strength in Numbers

The first Community Foundation was formed in 1914 around a theory that if a community was provided an efficient way to support charitable causes, then it would do so in larger numbers than may happen otherwise. It was under this belief that our community foundation was founded in 1981.

Throughout our 37 year history, funds within the Community Foundation of Western PA & Eastern OH have granted out over \$65 million, \$5.4 million in 2017 alone. These numbers speak not only to the generosity of our community, but also to the fact that we are there for one another when a neighbor needs help.

The 700+ funds within our Community Foundation represent members of our community coming together in support of charitable initiatives throughout our region. This strength in numbers approach is only successful when people are willing to work together to tackle our region's biggest issues.

Thank you to all who have donated time and treasure to help make our community a better place for all to live.

Sincerely,

Kyle English

Kyle English, Executive Director

Shenango Valley Foundation

Unrestricted money is the lifeblood of a community. These are the dollars that board members use to fulfill grant applications that are submitted by local charitable organizations. Most times, these grant dollars are the deciding factor as to whether or not a program will survive.

With this in mind, in 2017 the Shenango Valley Foundation (SVF) created the Betterment of the Valley Fund. This fund allows donors to address the community's most pressing issues. It has already received annual commitments from the Anderson Charitable Foundation, the O'Brien Children Memorial Fund, the William and Eleanor Kuhn Foundation, the John S. Bycroft Trust, the Sharon Steel Foundation, the Thomas and Helen Timblin Foundation, and the Weller Family Foundation. These commitments are a great start to giving the SVF board the ability to address the needs of the Shenango Valley and help inspire more smiles like ones that you see here.

Trumbull County Community Foundation

Maintaining independence throughout the aging process is of vital importance to residents of Trumbull County. A hot meal can work wonders to build up confidence and fight off feelings of isolation. When Trumbull Mobile Meals needed to replace their 14 year-old delivery van, Jim Sr. and Geraldine Weller used their donor advised fund to provide a grant that helped to purchase a replacement vehicle. Thanks to this community effort, Trumbull Mobile Meals can focus on what it does best: brightening individuals' days by ensuring they have a nourishing meal to eat.

2017 also marked the fourth annual Freedom Warrior Golf Outing and Gala. Last year saw over \$195,000 granted out to support the needs of disabled and disadvantaged veterans, as well as the emergency needs of local military personnel, living throughout the Shenango and Mahoning Valleys.

Northern Mercer County Community Foundation

PHYLLIS KEARNEY, LEFT, AND ELLA V. BUSCH, RIGHT. BUSCH IS PICTURED CARRYING BOOKS AT THIEL COLLEGE IN 1952

Ella Busch and Phyllis Kearney were two individuals that took comfort in the fact that they could include the Community Foundation in their estate planning. Upon their passing, funds in their families' names were established that will give back to the community in perpetuity.

Phyllis dedicated her life to teaching and supporting students, and a large portion of the Phillip F. and Phyllis M. Kearney Charitable Foundation will be used to provide college scholarships.

Ella worked at Thiel College her entire professional career and also attended church in Greenville. She ensured that both of these institutions can count on her support forever through the Carl E. and Ella V. Busch Charitable Foundation.

What an amazing way to leave a legacy!

Grove City Foundation

GROVE CITY STUDENTS AND GCF BOARD MEMBERS AT CHECK PRESENTATION (LEFT) AND STUDENTS MEETING WITH RICHARD LOSASSO, THE CHIEF EXECUTIVE OFFICER OF GEORGE JUNIOR REPUBLIC (RIGHT)

Being able to experience something in person only serves to help students learn. During the fall semester of 2017, the Grove City Foundation (GCF) provided Grove City College Students the opportunity to learn from, and also help, local charitable organizations.

Twenty-five students enrolled in a class centered around social entrepreneurship were divided into four teams which toured either the Children’s Aid Society of Mercer County, the Grove City YMCA, George Junior Republic, or the Hope Center for Arts and Technology. The executive director of the organization then asked the team to help their organization in solving a problem that they were encountering. Coming up with a solution to this problem was the central component of the team’s final project in the class, with the GCF providing \$500 to each organization so that it could implement the solution. This initiative proved to be a great way to provide a terrific experience to the students while at the same time supporting local charities.

Lawrence Community Foundation

Two new funds established underneath of the Lawrence Community Foundation (LCF) in 2017 are taking the fight to cancer. Gaylord Kauffman spent his life giving back to New Castle. Before passing away from a blood disorder that led to leukemia, Mr. Kauffman wanted to set up a foundation to help local families with the unanticipated costs of fighting the disease. Expenses such as gas, hotel rooms, parking, and food are not covered by health

insurance. The newly founded GK Care Foundation can now help ease the burden when families need help the most.

Starting in 2010, a group of 7 friends have spent the last Saturday of January motivating locals to say, "cheers to a cure." The Super Brew has now become a fixture in Lawrence County, and thanks to the support of the community, the proceeds from this event provide over \$50,000 a year to the American Cancer Society.

BACKPACKS THAT WERE PUT TOGETHER BY THE PATCHWORK FOUNDATION FOR BADGER ELEMENTARY STUDENTS

2017 GRANT BREAKDOWN	
Scholarships/Colleges	\$6,500.00
Children/School Programs	\$56,758.59
Health/Family Services	\$8,850.00
Arts/Culture/Humanities	\$3,222.20
Community Development	\$24,785.00
TOTAL GRANTS	\$100,115.79

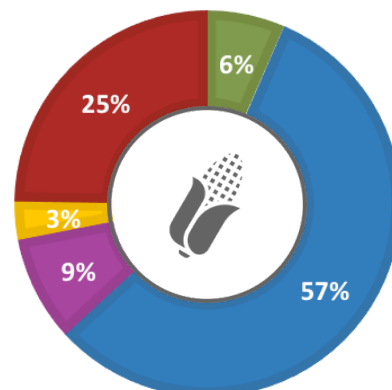

Winter clothing, school supplies, and food for children. Supporting the local foodbank. Helping a church provide an after school tutoring program. These are all initiatives to which the Northern Trumbull County Community Foundation (NTCCF) board provided funding during 2017.

However, the source of these unrestricted funds was unconventional, whereby local farmers donated crops to the NTCCF rather than selling them. Through this program, farmers can make a pre-tax donation, without worrying about the tax deduction implications, while still realizing the expenses of farming the crops. The crops are sold immediately, and the proceeds are then used by the NTCCF board to help support charitable initiatives throughout Northern Trumbull County.

Annual Event - Thank You to Our Donors!

October 26th, 2017 saw 300 board members, donors, and community leaders gather at Avalon Golf and Country Club for the Community Foundation's annual donor thank you dinner.

Retired Colonel James Dignan spoke about the importance of the Youngstown Air Reserve Station to our region as a whole, and what life would look like should the base ever be selected for closure. Now the CEO and President of the Youngstown - Warren Regional Chamber, Colonel Dignan called on the community to support this juggernaut of economic activity.

"Magic" Michael McQueen talked about the impact that the HopeCAT program has had on his life and future. Those in attendance were mesmerized while Magic shared how he has learned the necessary precision in creating pieces of pottery and his amazement at seeing the Rocky Mountains during a trip to Yellowstone National Park. Magic cites the HopeCAT program as the primary reason that he had the confidence to apply to college and is now attending Penn State University - Shenango.

Serving Our Community: Grantmaking in Action

ALMIRA FOUNDATION

Founded in 1891 by two sisters, the Almira Home was integral to providing elderly women in Lawrence County a place to live in security and comfort. After the home was sold in 2000, the Almira Foundation was formed so that the proceeds from this sale would support the elderly and other benevolent groups in Lawrence County forever.

Charities Supported by the Almira Foundation
