

Help transform local health and care services

The way that health and social care services are currently being delivered cannot continue. We need you to help us plan and make changes for the next five years.

The local NHS and council are inviting local people to learn about transformation plans and 'have your say' on:

Tuesday 21 March

9:15am - 4pm at Middleton Arena

Thursday 23 March

5:30pm - 7:30pm at Multicultural Arts and
Media Centre (MAMC), Rochdale
