Switch Project Outreach

SEFF also operates a Benefits/Welfare outreach service across Fermanagh and South Tyrone, County Armagh and Mid-Ulster in partnership with other victim/survivor support groups.

Please contact the SEFF office for further information.

"This publication has received support from the Victims Support Programme for Groups Working with Victims and Survivors, which is administered by VSS on behalf of the Executive Office. The views expressed do not necessarily reflect those of the Victims and Survivors Service".

South East Fermanagh Foundation (SEFF) is a group based in Lisnaskea, south Fermanagh which supports the innocent victims and survivors of terrorism and 'other Troubles related criminal violence' formed in 1998 to offer a voice and practical supports for such individuals.

Over the years, the Foundation has steadily grown whereby it now offers a full welfare/benefits advice service, multiple complementary therapy treatment options, befriending support services, counselling, a full educational and training programme, respite support and a raft of other advocacy and representation-based work.

SEFF is committed to supporting individuals to make the personal transition from "victim" to "survivor" as part of a process of healing and confidence building.

SEFF is positive for the future and will strive to continue its work on behalf of victims/survivors, irrespective of borders. We wish to assist the conditions whereby some of the most traumatised may have some sense of peace and will feel empowered to build their lives for their own betterment, their families and the communities to which they belong.
