

EDUCATION

Avoid paying the full cost of new equipment upfront and get access to leading brands that may have been deemed too expensive

At the end of the initial period you can hand the equipment back, continue using the equipment and pay a rental, or refresh the equipment with the latest models

Ongoing

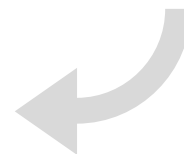

Budget

Helps alleviate restricted budgets and enables forward budgetary planning

Choice

Select the payment profile and period that most suits your needs, including deferring payment until your next budget year. Rentals can be paid monthly, quarterly, or annually

Versatile

Build the specification you require with your chosen supplier

Flexible

Flexible enough to add more equipment / services at any time should your needs change

tech2teach
supporting learning outcomes

Compliant with current accounting standards

Enables your school / college / university to use the equipment you require over a period of time with no capital outlay – through a fixed rental payment. Ongoing services / training can be added for total peace of mind
