

## MINERAL SUPPLEMENTS

### BRITMIN

Our range of quality powdered minerals/trace elements/vitamins for in feed or free access.

### LICKIES

A range of quality minerals, trace elements/vitamins in a bucket (available with garlic)

## RUMEN STABILITY PRODUCTS

### RUMEN GUARD

Passive buffer plus Tidal Gold giving quick and prolonged absorbency of acid in the Rumen

### RUMEN BOOSTER

Unique combination of passive and live yeast buffer plus Tidal Gold for even greater stability of Rumen pH.

### RUMI-SACC GOLD

Live yeast plus Tidal Gold

### BIO-SORB

Mycotoxin Binder

### TIDAL-GOLD

(Organic seaweed)

Full of minerals and micro-nutrients to enhance bacterial activity

## APPLICATORS

Complete range of Selmech applicators for applying powders, acids and biological products

## BEDDING PRODUCT

### COSISAN

Highly absorbent, broad spectrum, powdered disinfectant with ammonia reducing powers  
Recommended for: Dairy cow cubicles, calving boxes, dry foot bath, calf pens/calf housing, lambing pens, horse stables, poultry/game rearing units and pig housing

## SLURRY PRODUCT

### NUTRI-SOL

Enzymes, anaerobic and aerobic bacteria, wetting agents, activators and nutrients.

#### BENEFITS

- ★ Suppression of crusts ★
- ★ Locking up ammonia and sulphur compounds to enhance the slurry's fertilizer value. ★
- ★ The fixation of ammonia by NUTRI-SOL changes the nitrogen source from a quick to a slow release form of nitrogen. This is better suited for the plants needs with less leaching of nitrates into the ground water ★
- ★ Liquefying of solids makes for easier spreading, particularly for umbilical pumping system. ★
- ★ Improved soil structure due to less harmful compounds damaging worms and bacterial activity ★
