

SINTEC

ELECTRICAL AND MECHANICAL CONTRACTING

... we power your project

ABOUT US

Since its establishment **SINTEC UK LIMITED** provides a range of installation services of commercial and industrial equipment.

Each Client has its unique meaning of quality. We work closely with everyone to identify specific requirements, and to accommodate each project's needs on very individual basis.

We appreciate how international business is nowadays. With that in mind, and with experience of organizing projects in international environment, we support our Customers on a global scale. Our offices in USA, Latvia, Ukraine and Russia provide more flexibility in fulfilling such requirements.

There is no big or small project. Each job is approached with equal level of responsibility and attention to detail. We understand the important role we play in success of each project. This is why we put heart and mind in everything we do.

“To win respect of our Clients, by providing exceptional Customer experience, and remaining a reliable partner at all times.”

Dimitri Romaniuk, Director
