

AVK-SEG (UK) LTD QEMS0614 Environmental Policy Statement

AVK|SEG (UK) Ltd will seek to reduce its impact on the environment both globally and locally. We recognise that our activities have an impact on the environment in terms of the use raw materials, emissions to air and water, waste generation, and seek to minimise this as much as possible.

With a high profile as a leader in the supply and installation of Uninterruptible Power Supplies and Diesel Generator Systems, the Company will endeavour to minimize pollutants, and wherever possible, take measures to reduce their detrimental effects on the environment.

The key points of our strategy to achieve this are;

- Continually monitor the environmental impact of our operations
- Comply fully with all relevant environmental legislation, regulation and other requirements that are relevant with the Company.
- Minimise waste by evaluating operations, ensuring they are as efficient as possible, with regular reviews and amend as appropriate to conserve raw materials, reduce pollution and save energy.
- Promote and support environmental awareness at all levels within the Company and to ensure all employees are committed to managing their environmental duties in a manner that seeks to eliminate potential damage to the environment.
- Design, source and promote a product range to minimise the environmental impact; considering the life cycle of the product throughout.

AVK|SEG (UK) Ltd will adopt specific measures to enhance the quality of the environment, through a positive policy on safety in the workplace, control of pollution and care of the local environment.

AVK|SEG (UK) Ltd will make every effort to improve the health of the people working within the area of their workplace, through the reduction and prevention of environmental damage and by promoting environmental awareness.

This Environmental Policy of AVK|SEG (UK) Ltd is a Corporate 'Statement of Commitment' which is totally supported by management and all personnel within the organization; it is communicated to all who operate under our control and to interested parties as required.
