# glass shower enclosures

contemporary frameless design

[www.goglass.co.uk](http://www.goglass.co.uk)

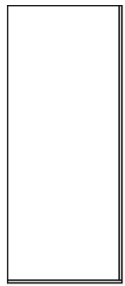

**Increase the feeling  
of light and space  
with beautiful  
designer frameless  
glass showers**

# Stylish and contemporary

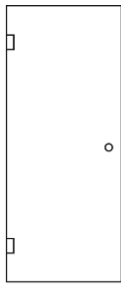

Designer glass showers enhance any bathroom or en-suite, available in any range of finishes in addition to clear and plain obscure glass.

## Door choice & configurations

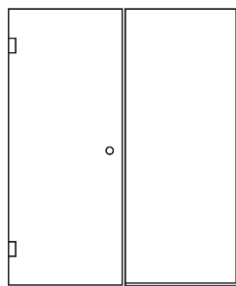

All glass enclosures are individually cut to size, this means no unsightly gaps from standard size showers. It also allows cut to shape or size options for Loft enclosures or smaller bathrooms. The most popular configurations are shown below however we can custom build to most applications.

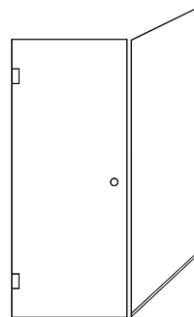

**Project A** - Fixed Panel

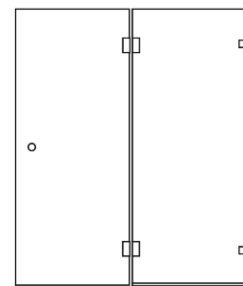

**Project B** - Glass Door

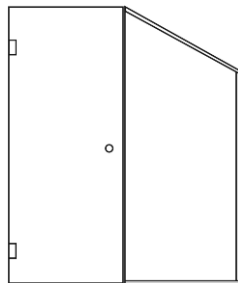

**Project C** - Glass Door with inline panel (Wall Mount)

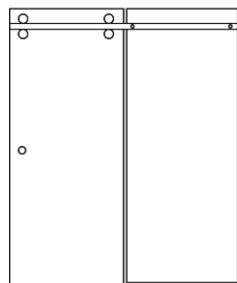

**Project D** - Glass Door with 90° (Wall Mount)

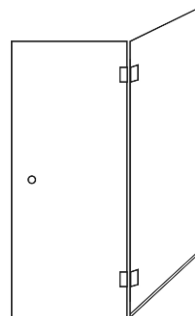

**Project E** - Glass Door with inline panel (Glass Mount)

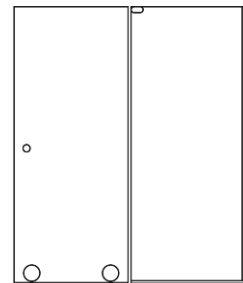

**Project F** - Glass Door with inline panel (Shaped)\*\* Available on all enclosures

**Project G** - Top Sliding Glass Door

**Project H** - Glass Door with 90° (Glass Mount)

**Project I** - Bottom Sliding Glass Door

**Clear**

Design is etched onto clear glass to give a positive finish.

**Obscure**

Background is etched to leave a clear design.

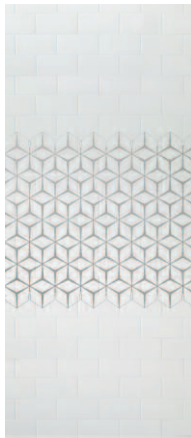

**Privacy**

Design is etched onto a fully etched door for privacy.

# Choose your design

In addition to clear or plain glass we also have 28 stylish new designs.

Easy clean eco glass is available on all of our showers, keep your screen looking as sparkling clean as the day it was installed \*  
\*maintenance cleaning programme recommended

## Contemporary range of fittings

Our range of high quality fittings are guaranteed not to rust or tarnish. Available in a range of finishes including polished and satin, Project Showers allow you to personalise your shower design with a choice of handles.

## Glass Doors, Shelving and Mirrors

Why not accessorize your bathroom or en-suite with another designer glass product. Custom made glass doors, mirrors and shelving are available in a range of styles.

### Glass Doors

Bring light into any room with one of 28 individually designed hinged or sliding glass doors custom made to fit your opening.

### Glass Shelving

Toughened glass shelves with contemporary fixings including floating UV bonded options.

### Glass Mirrors

Designer glass mirrors including tinted, antique and etched all made to size in our UK factory.

# Order online...

You can place an order for your new shower doors on our website.

[www.goglass.co.uk](http://www.goglass.co.uk)

All Project Shower enclosures are manufactured from British Standard 10mm Toughened Safety Glass and supplied with full installation guides. Simply give us the opening size you need to fit to and we will make all necessary tolerances for hinges etc.

Select the shower door type you need with the chosen finish.

Input the opening sizes of the shower door area.

Select the handle and finish of your choice.

Pay for your order and wait for your scheduled delivery.
