TAKING CARE OF EVERY ASPECT

Northgate, PO Box 200, Barnet, Herts EN4 9EW

**Tel** 020 8441 4545 **Fax** 020 8441 4888**Website** [www.northgateuk.com](http://www.northgateuk.com) **Email** [enquiries@northgateuk.com](mailto:enquiries@northgateuk.com)

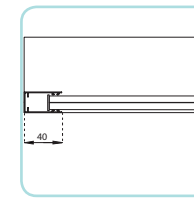

The contained information in this catalogue may be imprecise because of possible technical modifications made after printing. The manufacturer reserves the right to make technical modifications without advance notice. Before making orders consult your manufacturer or retailer. The roller blind Como is designed for the sun protection of the space where it is located. Every other use is inappropriate and dangerous. Northgate cannot be considered responsible for possible damages caused by improper, erroneous and unreasonable use. The roller blind Como must be installed perpendicular to the horizontal area. When the danger of icing is present the roller blind cannot be operated, in case of strong wind it is necessary to wrap up the roller blind. The fabric can have folds that do not influence the proper functioning of the roller blind.

## OVERHEAD COMO

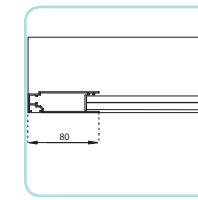

Northgate's Internal Como Roller Blind with a double head box satisfies the needs for an internal blind with any type of inclination. With its fabric side guides, it is possible to use Como for both filtering and black out effect. Matching cover boxes range from 60 mm to 100 mm depending on the size of the aperture. This system is available in both manual and electric.
