This month's ESSENTIALS

OggDESIGN Jewelry Barcelona

As a gemologist and jewellery designer, Béatrice Oggier founded the jewellery brand OggDESIGN in 2010 drawing from her passion for gemstones, to deliver unique and timeless creations. Our expertise at OggDESIGN started with custom-made orders for private clients. Any special order begins with a particular desire for a precise piece or just a specific gemstone.

Whatever the initial desire, a personalised creation is often the most precious of jewels. Each piece of fine jewellery is made in Barcelona with local craftsmen, often capturing the city's art and architecture in design.
