Allow          Remove!

Always ignore this threat

It's no secret; Spyware is a growing problem for companies everywhere.

Spyware is made by publishers that allow themselves to snoop in on your browsing activities, invade your privacy and also bombard you with pop-ups

---

### *CHECK ALL THAT APPLY:*

- ✓ You get a lot of SPAM
- ✓ Your PC is running slow
- ✓ You have downloaded music online
- ✓ You are pestered by those horrible pop-ups

---

How does Spyware affect you?

- Your browsing activity can be tracked and monitored
- All information you enter via the web can be intercepted
- Unauthorised sites can add themselves to your desktop (icons)
- Your personal information can be sold to other parties without your consent

### *PROTECT YOUR IT SYSTEMS WITH AVI*

**Call the AVI Salesdesk to discuss your requirements and arrange a SYSTEMS CHECK of your existing system.**
