Introducing the Dignity promise

When the time comes to say goodbye to your beloved companion, Dignity Pet Crematorium can help and support you through those difficult hours.

We are pet owners too

Our dedicated team, some with bereavement counselling experience, are also pet owners. They are on hand to walk you through every stage of saying goodbye, to cremation and then finally helping you choose your remembrance.

The service you prefer

We can provide you with the

option of us collecting from your home or your vets, or if you choose to personally bring your pet into us, we can help you with your wishes for a same day or an attended cremation service. Dignity provides you with an honest, caring and personal service.

The Dignity Promise.....

- to treat your pet with the utmost care and respect
- to cremate your pet individually
- the ashes you receive are only those of your pet

- to personalise the service for you

At Dignity we adhere to a strict code of practice and are founder members of the Association of Private Pet Cemeteries and Crematoria and have been independently inspected and approved ensuring you of a genuine service.

www.appcc.org.uk

Ethical sourcing is a priority for Dignity with many products manufactured and supplied by small independent local businesses in the UK.

Dignity service...

Dignity is a privately owned pet crematorium. Vets offer Dignity because of our personal service. You can feel comfort that we will personally look after your final wishes for your beloved pet with the utmost care and attention.

Options

- ♥ Bring your pet directly to us
- ♥ Reserve a home collection
- ♥ Request a collection from your veterinary surgery

Note: With all our options we normally require a 24-hour notice so we can ensure we have all your wishes in place.

If we are collecting from your vet, please ensure they know you'd like to use Dignity, otherwise they may use another cremation service. Once your pet is in our care, we will call you to keep you up to date with their journey to Dignity. You can talk through your wishes at that time or call us back when you are ready to discuss your requirements.

Saying Goodbye

If you would like to come and say goodbye, we have our Farewell Rooms that offer peace and tranquillity for that lasting memory. You are welcome to bring flowers or a keepsake or even have a short remembrance service.

Same Day Cremation Service

If you would like a prioritised cremation the same day as collection, you just need to ask.

DID YOU KNOW?

All pets are laid in a Dignity bed within our pet hearse for their final journey.

Kevin

This gives you the option to collect your pet's ashes later that same day (time dependant). This service is available at an additional charge of £40.

Attended Cremation Service

For extra peace of mind when cremation takes place, we do offer an attended service whereby you can be present as your pet is gently placed into the chamber. This service works in conjunction with our same day service, offering collection of ashes later that same day (time dependant).

This is available at an additional charge of £60.

DID YOU KNOW?

At the start of your pet's cremation the Dignity Committal is spoken. "God bless you, may your spirit go in peace and go towards the light."

Kevin

Returning Ashes

After the cremation has taken place, we endeavour to return your pet's ashes to you or your vets within 4 working days.

Fur Clipping

A sealed cutting of your pet's fur. Complimentary service for all pet cremations.

Designed to celebrate life

With the Biotree Urn for animals, you can create a living memorial for a pet when they pass, while creating a greener, more sustainable planet.

The Biotree Urn has been designed to celebrate life by returning the ashes of a beloved animal friend to nature slowly and peacefully, and letting life start anew in the form of a tree.

The Biotree Urn is made using natural plant fibres and materials that aid in fertilising the surrounding soil and neutralising the PH levels of ashes, creating a healthy environment for a tree to grow.

Small (BIOU/S) for up to large pets. Large (BIOU/L) for XL and giant breeds.

BIOU/S Small
£150
BIOU/L Large
£195

HOW IT WORKS

A beloved pet's ashes are added to the base of the Biotree Urn and the base reattached.

Water is added to the top opening of the Biotree Urn, inside a dehydrated soil disc expands to fill the top of the Biotree Urn with soil.

A seed is planted in the Biotree Urn. Each Biotree Urn includes 3 different seed species to choose from, however, a seed or seedling of your choice can also be used.

The Biotree Urn is planted leaving the top of the urn visible so the seedling can be watered.

The Biotree Urn and ashes are returned to nature as the tree grows.

Using the Biotree memorial tag included, the location of a Biotree Urn can be geotagged and an online memorial created for a loved one on the Biotree.earth website.

Dog options

These adorable bronze dog caskets are a discreet way to keep your dog's ashes with you indoors, giving a lasting memory. They are available free standing or laying on a plinth.

Each casket allows you to place your pet's ashes inside with the option of a hair lock or a standard dog tag placed in the base keepsake container.

NEW

Disposing of your pet's bedding or clothing is a hard thing to come to terms with because they hold so many memories. Turn them in to beautiful keepsakes, such as a dog, cat or bear rather than storing them in the cupboard. Each item can be personalised with up to 45 characters.

How It Works

- Select your keepsake
- Order via the Dignity website or over the telephone
- Pop your receipt in with your items and send off Recorded Delivery, address will be provided
- The bedding needs to be clean and in a reasonable state
- 6-8 weeks later receive your item

Please note there can be a variation in the appearance of the animal depending upon the bedding that is received.

How to care

To keep your keepsakes fresh and clean, our suggestion is to hand wash and to dry naturally. Do not tumble dry. The stuffing is 100% CE tested polyester.

Cat

With its long floppy legs and cute whiskers, the keepsake cat is a sweet way to treasure special moments.

Information

Disclaimer

We always endeavour to home your pet's ashes into the vessel best suited to their ashes. Some dog breeds yield proportionately more ashes, and a larger vessel may be needed. If you prefer us to home multiple pet's ashes together please request that when making your pet's arrangements.

Environment

Ethical sourcing is a priority for Dignity with many products manufactured and supplied by small independent local businesses in the UK. The company also has very strict Vegan ethics headed by Kevin Spurgeon who was awarded an honorary fellowship by the University of Winchester for ensuring Dignity was run on the principals of being honest and ethical.

Pre-Payment Plan

The passing of a beloved companion is always difficult, but inevitable. At Dignity we are here to help you plan for that day. We can offer a pre-payment plan to help with the cost, spreading payments over time by setting up a standing order. The plan can be adapted for a specific pet or several family pets. Please contact us for further information.

Pet Funeral Service

At Dignity we want to tailor our service to your requirements. We work with several religious and non-religious celebrants that can offer a short remembrance service to help you say goodbye to your pet. This service is conducted in our Farewell Room or our garden (weather permitting) and all enquiries should be made with the celebrant with further arrangements handled by us. Please see website for further information.

Cremation Certificate for Travel

If you are travelling overseas to scatter your pet's ashes you will require a cremation certificate, proving the urn includes the ashes of the deceased. Depending on the destination country you will require to notify customs.

Insurance Letter

Some insurance policies include the cost of your pet's cremation. For a small cost we can write a separate insurance letter if your policy requires it.

Letter of Wishes

To help you with your last wishes, should you be away on holiday and your pet is in someone else's care, you can download our Letter of Wishes. This can be given to Dignity or your vet to make sure you get what you want for your pet.

Exhumation Service

If you are considering moving home and your pet's remains are buried in your garden, we are on hand to offer an exhumation service to uplift and cremate if needed. Please contact us for more information.
