

Setting Milestones In Innovative Learning

At NIIT Nguru, we believe that learning without fun has little impact and is not learning for life. With a holistic range of K-12 learning solutions, NIIT Nguru aims to make the process of teaching and learning simpler. Nguru is an amalgamation of technology and education where learning is co-incidental rather than the conventional. NIIT Nguru transforms the regular content into a new learning everyday by incorporating technology in curriculum with real-life examples. With our modern and advanced fun learning approach, we try to bring back the joy of learning for students.

INTRODUCTION

QuickSchool ERP is an integrated and comprehensive Education Resource Planning software developed specifically for schools. The software is designed for ease of use and developed keeping in mind the requirements of the school management.

It helps the management in maintaining proper control on the functioning of the school, take

better informed decisions and enhance the image of the institution.

QuickSchool ERP functionality spans across all departments of the school and allows the schools to manage information on Staff, Students, Examinations, Attendance, Fees, Payroll, Inventory, Transport, Timetable, Library, etc. on a real time basis.

CURRENT CHALLENGES FACED BY SCHOOLS

TEACHERS

- Report Card Preparation
- Communication with Parents
- Attendance Marking

MANAGEMENT

- Data Management
- Managing Substitution/Proxy
- Prolonged Report Generation
- Fee Management

STUDENTS/PARENTS

- Fee Payment
- Child Academics Updates
- Communication With Teachers
- Attendance

STAFF

- Transactions
- Data Accuracy
- Repetitive Clerical Tasks
- Time Consuming Reports

KEY FEATURES

MANAGEMENT DASHBOARD

Centralized system for analysis of academics, admissions, fee collections & inventory data

Benefits

Better decision making by management basis latest & accurate data

FEE ACCOUNTING & COLLECTION

Fees can be collected through school fee counter/bank/online. It supports Tally integration

Benefits

Quick data capture for fee receipts, reduced data entries as the application exports relevant data to respective ledgers

ATTENDANCE ENTRY REPORT CARD GENERATION & RESULT ANALYSIS

Flexibility of entering marks, grades & defining evaluation policy customized as per school's need

Benefits

Various reports generated to enable analysis of students' academic performance along with report cards

ATTENDANCE ENTRY

Browser and android app based attendance entry

Benefits

Hassle free attendance entry & management

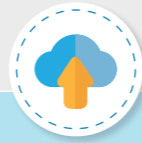

PARENT PORTAL

One stop access to all scholastic & co-scholastic information about their child

Benefits

Parents are aware of their child's overall progress

CLOUD BASED DEPLOYMENT

Secure infrastructure and user based pricing

Benefits

Reduces chance of data loss, low initial investment & operating costs leading to better cash utilization

E-MAIL & SMS

Integration with all e-mail service providers and leading SMS providers

Benefits

Management & teachers exchange important information to relevant stakeholders

EXTERNAL DEVICE COMPATIBILITY

Integration with many devices/systems like bio-metric, barcode scanner, Tally, etc.

Benefits

Enables efficient tracking of attendance, library & fee related information thus reducing leakages

Module Add-Ons

Scalable, configurable modules for all major stakeholders

Benefits

Reduced financial risk by purchasing the advanced module & then add on as per need

MANAGEMENT APP

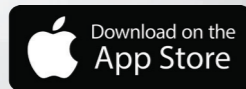

FEATURES

- Fee Management
- Amount Outstanding & Total Collection
- Cheque Bounce Details
- Examination Management
- Subject Wise Class Wise Marks
- Student Management
- 360 Degree Student Information
- Attendance Management
- Mark & View Attendance
- Substitution/ Proxy Assignment
- Admission Management
- Admission & Vacancy Details

BENEFITS

- Quick Analysis
- Pictorial/ Graphical Representation
- Drill Down Analytical Reports
- Hassle Free App
- Stay Organised and Updated with Fact and Data
- Minimal Training Required

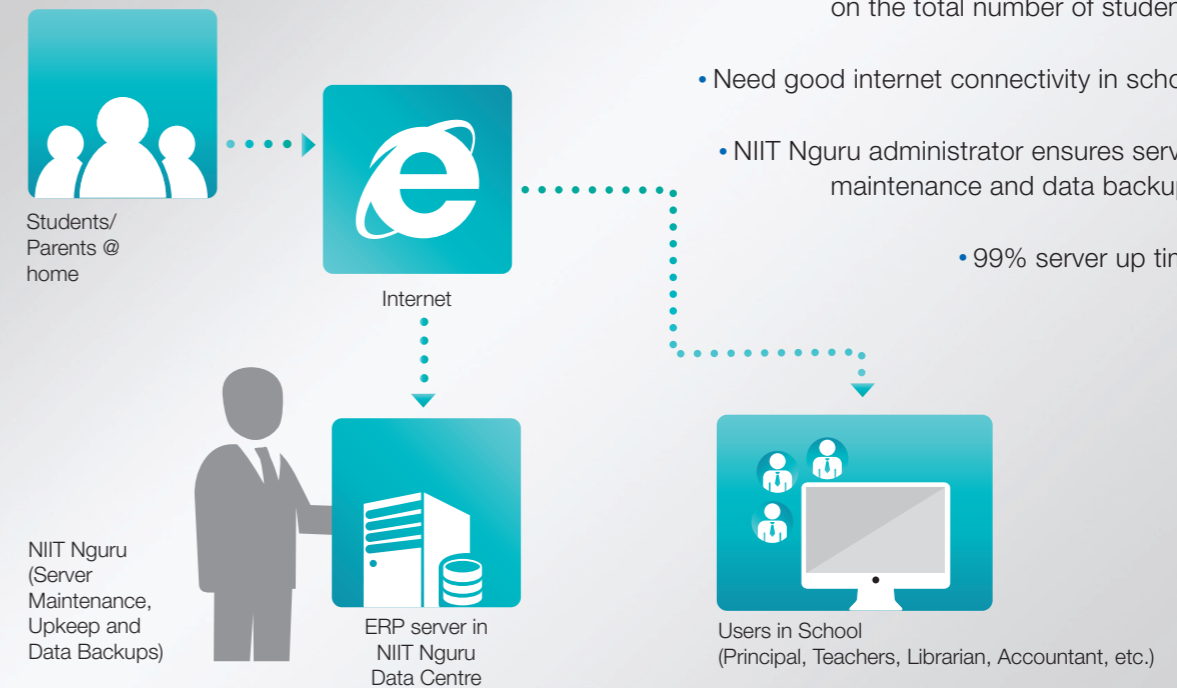

DEPLOYMENT OPTION 1 - LICENSE MODEL

- Purchase upfront license
- AMC free for 1st year
- Server and system software to be procured by the school
- Server and database under school's control
- School IT administrator is responsible for the server maintenance and backups

DEPLOYMENT OPTION 2 - CLOUD MODEL

- Pay-as-you-use model based on the total number of students
- Need good internet connectivity in school
- NIIT Nguru administrator ensures server maintenance and data backups
- 99% server up time

DELIVERABLES

QUICK SCHOOL APPLICATION

INSTALLATION AND TRAINING

- A standardised implementation plan to enable schools achieve 100% usage
- Regular dashboards of application usage to help schools analyse and subsequently increase usage
- Comprehensive training at the time of installation to various stakeholders

SUPPORT

- Multi-level support is provided to clarify any queries and ensure speedy service
- Toll free number: 1800 102 3233 (Mon-Fri: 9:00 a.m. to 4:00 p.m.)
- Email: nguru@niit.com

HARDWARE AND SOFTWARE

- System hardware and related software to operate QuickSchool can be purchased from Nguru, if required

CASE-LETS

JSS International, one of the most reputed schools from Ooty, Tamil Nadu traditionally had all data relating to students in hard-copies and it was cumbersome to maintain it as the amount of data increased year on year.

QuickSchool (QS) enabled the school to digitise their students data and helped not only to maintain it but also to derive meaningful analysis and reports of the same which helped ease the process of decision-making.

Rennie Joseph Mendonce
Principal

Pawan Kumar
Executive Director,
Sagar Group of Institutions

The Sagar Public School chain, which has more than 6000+ students across, was trying to maintain and process a huge amount of data due to the manual entry system. NIIT Nguru Quick School has helped us to streamline the complete process of record keeping & data updation for all the stakeholders. We have been able to implement data standardization across all our branches, generate all report cards & academic analysis reports very efficiently.

The various reports play an important role in the decision-making process and help in efficient school administration. We are also able set up a system for staff attendance calculation and because of which we are able to process our payroll very efficiently.
