

# ROUGH TERRAIN TELESCOPIC FORKLIFT TRAINING COURSE

Luft Training Services are an Independent forklift truck training centre. We train operators on, Counterbalance, Reach, Bendi, Side Loaders, rough terrain telescopic, electric and manual pallet truck plus many more.

**Rough Terrain Telescopic forklift training** is not in any way an option for companies operating Rough Terrain telescopic forklift trucks on its property. Regulations require all employers to take reasonable steps to ensure the safety among their employees, but courts are always going to assign liability to managers and companies who fail to ensure their workers have been correctly trained and hold the appropriate certification.

**Rough Terrain Telescopic Forklift Truck Training** is available to businesses and individuals across West Sussex and East Sussex to include Chichester, Bognor Regis, Littlehampton, Worthing, Lancing, Hove, Brighton and all surrounding areas. If you are not sure if we cover your area please call us or use our contact form page as members of the team are always happy to assist you.

## ROUGH TERRAIN TELESCOPIC TRAINING COSTS

It's a well-known fact that there are companies out there which offer Rough Terrain Telescopic Forklift Training courses on a pay monthly cost, this involves signing up for finance and usually incurs a very high interest rate and in some cases a deposit.

Normally these companies do not train their pupils direct and ultimately request quotes from companies like us. At Luft Training Services our Rough Terrain Telescopic Training costs are both competitive and low so you can afford to go direct.
