#### INDEPENDENT AUDITORS' REPORT

The Board of Directors of Good Shepherd Services

We have audited the accompanying financial statements of Good Shepherd Services ("Good Shepherd") which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Good Shepherd Services as of June 30, 2019 and 2018 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Emphasis of Matter

As discussed in Note 2N to the financial statements, during the year ended June 30, 2019, Good Shepherd adopted Accounting Standards Update ("ASU") 2016-14, *Not-for-Profit Entities* (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

#### NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

Good Shepherd Services ("Good Shepherd") is organized under the Not-For-Profit Corporation Law of the State of New York. Good Shepherd was granted exemption from federal income tax pursuant to Section 501(c)(3) of the Internal Revenue Code the ("IRC").

Good Shepherd is a leading youth and family development agency with over 90 programs serving 31,771 children, youth and family members in New York City's most under-resourced communities. All of Good Shepherd's programs are united by a common goal: to create opportunities that help participants realize their fullest potential at home, at school and in their community. Good Shepherd operates a 46-bed residential treatment and diagnostic center; ten Administration for Children Services-funded family counseling preventive programs; six justice initiatives aimed at helping court-involved youth reintegrate into their communities deterring re-entry into detention; three anti-gun violence programs; a non-secure detention facility; a non-secure placement facility; family foster care; a youth reception center; over 25 afterschool programs; and supportive housing for young people who have aged out of care, including the Chelsea Foyer and McLaughlin East Harlem Residence. In addition, Good Shepherd Services is one of the largest providers of academic support programming in NYC.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. **Basis of Accounting** Good Shepherd's financial statements have been prepared on the accrual basis of accounting. Good Shepherd adheres to accounting principles generally accepted in the United States of America ("U.S. GAAP").
- B. **Net Assets** Good Shepherd's net assets and revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of Good Shepherd and changes therein are classified and reported as follows.
  - Net assets without donor restrictions represents resources available for support of Good Shepherd's
    operations over which the Board of Directors has discretionary control. The Board of Directors requires by
    resolution that any net assets without donor restrictions in excess of net investment in property and equipment
    be reserved for endowment purposes.
  - Net assets with donor restrictions consist of contributions and other inflows of assets whose use by Good Shepherd is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of Good Shepherd pursuant to those stipulations. When a restriction expires (that is, when a stipulated time restriction ends, or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. In addition, net assets with donor restrictions include unappropriated earnings on donor-restricted endowment funds. These also include resources subject to donor-imposed stipulations that they be maintained intact in perpetuity by Good Shepherd. The donors of these assets permit the use of all the income earned on related investments, and the net capital appreciation thereon, for general purposes. Good Shepherd's endowment was initiated in 1991 by a \$750,000 challenge grant, known as the Dewitt Wallace Reader's Digest Endowment Fund. The remaining balance includes donations made throughout the years by various funders.
- C. Unconditional Promises to Give Pledges are recorded as income when Good Shepherd is formally notified of the grants or contributions by the respective donors. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value, while those that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Unless material Good Shepherd does not discount multi-year pledges. Amortization of the discounts is included in contribution revenue.
- D. **Contributed Services, Rent and Other In-Kind** Good Shepherd receives noncash contributions consisting primarily of goods and services. For the year ended June 30, 2018, Good Shepherd recorded \$16,919, (representing the estimated fair value of the donations on the dates received), as revenue and expenses in the accompanying financial statements because they meet the criteria as prescribed by U.S. GAAP. There were no noncash contributions for the year ended June 30, 2019.

# NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- E. **Cash and Cash Equivalents** Good Shepherd considers all highly liquid debt instruments purchased with a maturity of three months or less when acquired, to be cash equivalents, except for cash and money market funds held in Good Shepherd's investment portfolio.
- F. Investments and Fair Value Measurements Investments are recorded at fair value. Purchases and sales of securities are recorded on a trade-date basis. Donated securities are recorded at their fair value on the date received using an average of the high and low price on the date received. Interest income is recorded on an accrual basis and dividend income is recorded based on the ex-dividend date. Investment income is recorded as revenue without donor restriction class, unless restricted by the donor.

Good Shepherd adopted a policy to make a 5% annual endowment and board designated fund investment allocation for the support of operations. The process for determining the amount of funds that could be drawn from the endowment is as follows: 1) measure the combined total market value of endowment and board designated funds for the current fiscal year-end and the prior four years; 2) eliminate the highest and lowest valuation of the past five-year-ends; and 3) calculate 5% of the three-year average determined above and transfer the amount to a general account during the year. Unused funds will be carried forward to the next fiscal year and accumulated to a maximum of three years. Any unspent funds after three years will go back to the Board designated endowment account.

Fair value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels, as described in Note 6.

- G. **Property and Equipment** Property and equipment are stated at cost less accumulated depreciation. These amounts do not purport to represent replacement or realizable values. Good Shepherd capitalizes property and equipment with a cost of \$2,500 or more (except when a specific funding source requires a lower capitalization limit) and a useful life of greater than one year. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. Leasehold improvements are amortized on a straight-line basis over the lesser of their useful lives or the term of the lease.
- H. **Revenue and Fee Income** Good Shepherd records care and maintenance revenue based on per diem and per capita rates set on a preliminary basis and paid by the City of New York. The final rates of payment are determined upon audit by the respective funding government agencies.

Government grants and support are recognized as revenue as services are provided and costs incurred. Unreimbursed qualified expenditures for preventive programs are included in the statements of financial position as client service receivables due under governmental contracts.

The estimated liabilities for amounts potentially recoverable by grantors or contracting agencies are included in deferred revenue and due to funder as of June 30, 2019 and 2018, in the accompanying statements of financial position. Actual recoveries are applied against the estimated liabilities when known.

- I. Functional Allocation of Expenses The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Certain categories of expenses are attributable to both program services and supporting activities. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include depreciation and occupancy costs, which are allocated on a square-footage basis, as well as salaries and benefits, which are allocated based on estimates of time and effort.
- J. **Deferred Financing Costs** Deferred financing costs are amortized over the life of the related bond or loan using the straight-line method. For each of the years ended June 30, 2019 and 2018, amortization of financing costs amounted to \$32,440 and are reported as interest expense in the accompanying statements of functional expenses.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- K. Allowance for Uncollectible Receivables As of June 30, 2019 and 2018, Good Shepherd determined that an allowance for doubtful accounts and uncollectible pledges of \$393,232 and \$184,010, respectively, should be provided for client service receivables and pledges. Such estimates are based on management's judgment of the creditworthiness of its donors and grantors, the aged basis of the receivables from its government funding sources, as well as current economic conditions and historical information.
- L. **Rent Expense and Deferred Rent** Good Shepherd leases real property under operating leases expiring at various future dates. There are escalation clauses that increase rent payments over time. Unless material, Good Shepherd does not record an adjustment to rent expense each year to reflect a straight-lining policy.
- M. **Use of Estimates** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements. Actual results could differ from those estimates.
- N. Change in Accounting Principle Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2016-14, Not-for- Profit Entities (Topic 958) Presentation of Financial Statements of Not-for-Profit Entitles was adopted for the year ended June 30, 2019. ASU 2016-14 provides for a number of changes, including the presentation of two classes of net assets and enhanced disclosure on liquidity of resources and functional expense allocation. These changes had no impact on the change in net assets for the year ended June 30, 2018. As a result of implementing ASU 2016-14, Good Shepherd provides additional information about liquidity (see Note 3) and the methodologies used to allocate expenses by function (see Note 2I). Net assets as of June 30, 2018 were reclassified to conform to the current year presentation.

#### **NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES**

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise of the following:

| Cash and cash equivalents                                | \$<br>96,127     |
|--|------------------|
| Client services receivable                               | 27,517,010       |
| Pledges receivable, net of donor restrictions            | 5,705,613        |
| Short-term investments                                   | 3,088,755        |
| Endowment spending-rate distributions and appropriations | <br>1,467,597    |
|  | \$<br>37 875 102 |

Good Shepherd's endowment funds consist of donor-restricted endowments and a board-designated fund functioning as an endowment. Donor-restricted endowment funds are not available for general expenditure and the income generated is restricted for specific purposes, primarily for the preservation of capital, long-term growth and a relatively high degree of liquidity. This should be reflected in its asset allocation and selection of dividend and interest paying securities that have relatively stable market values. The portfolio should maintain sufficient liquidity to meet Good Shepherd's obligations as they come due.

Good Shepherd's board-designated endowment of \$50,829,051 is subject to an annual spending rate of up to five percent as described in Note 2F. Although Good Shepherd does not intend to spend from the board-designated endowment (other than amounts appropriated for general expenditure as part of our Board's annual budget approval and appropriation), the funds could be made available if necessary, by action of the Board of Directors.

As part of Good Shepherd's liquidity management plan, Good Shepherd invests cash in excess of daily requirements in short-term investments consisting of mutual funds. Good Shepherd has a \$6,500,000 revolving line of credit with a financial institution (Note 9).

#### **NOTE 4 – CLIENT SERVICE RECEIVABLES**

Client service receivables due under governmental contracts, grants and entitlements consisted of the following as of June 30:

|   |      | 2019  | <br>2018  |
|---|------|---|---|

#### **NOTE 5 – PLEDGES RECEIVABLE**

Pledges receivable consisted of the following as of June 30:

|  | 2019                       | 2018                      |
|--|----------------------------|---------------------------|

|  | <u>\$ 15,689,099</u>       | \$ 5,573,843              |

The pledges to be received after one year are discounted to present value at interest rates ranging from 0.72% to 2.56%. The amortization of the discount is reflected as additional contribution revenue in the accompanying financial statements.

Pledges receivable from Board members as of June 30, 2019 and 2018 amounted to \$8,629,885 and \$251,004, respectively.

# NOTE 6 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Valuations based on quoted prices (unadjusted) in an active market that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs. Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets.

Level 2: Valuations based on observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Valuations based on unobservable inputs are used when little or no market data is available. The fair value hierarchy gives lowest priority to Level 3 inputs.

In determining fair value, Good Shepherd utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value.

The following methods and assumptions were used in estimating the fair values of significant financial instruments at June 30, 2019 and 2018:

**Mutual Funds** – Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by Good Shepherd are deemed to be actively traded.

# NOTE 6 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Financial assets are all classified as Level 1 and carried at fair value June 30, as follows:

|                                    | _  | 2019       | _  | 2018       |
|------------------------------------|----|------------|----|------------|
| Investments:                       |    |            |    |            |
| Mutual Funds:                      |    |            |    |            |
| Domestic Stock                     | \$ | 19,931,690 | \$ | 13,146,962 |
| Bonds                              |    | 12,503,139 |    | 10,152,039 |

| Total Assets Carried at Fair Value | \$ | 53,412,415 | \$ | 31,459,049 |

Good Shepherd's policy is to recognize transfers in and transfers out as of the beginning of the reporting period of the event or change in circumstance that caused the transfer. For the years ended June 30, 2019 and 2018, there were no transfers between levels.

Investment return consisted of the following for the years ended June 30:

|                                | 2019         | <br>2018        |

#### **NOTE 11 - ENDOWMENT NET ASSETS**

The Board of Directors recognizes that New York State adopted the New York Prudent Management of Institutional Funds Act ("NYPMIFA") on September 17, 2010. NYPMIFA created a rebuttable presumption of imprudence if an organization appropriates more than 7% of a donor-restricted perpetual endowment fund's fair value (averaged over a period of not less than the preceding five years) in any year. Any unappropriated earnings that would otherwise be considered without donor restriction by the donor will be reflected as purpose restricted until appropriated.

The Board explicitly appropriated all earnings as of and prior to September 17, 2010, whether deemed spent or not, as net assets without donor restriction. All unappropriated earnings on endowment funds with donor restrictions after September 17, 2010, that would otherwise be considered without donor restriction, will be reflected as net assets with donor restriction until appropriated. As of June 30, 2019 and 2018, there were no unappropriated earnings.

The Board of Directors has interpreted NYPMIFA as allowing Good Shepherd to appropriate for expenditure or accumulate so much of an endowment fund as Good Shepherd determines is prudent for the uses, benefits, purposes and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument. Unless stated otherwise in the gift instrument, the assets in an endowment fund shall be donor-restricted assets until appropriated for expenditure by the Board of Directors. As of June 30, 2019, all earnings on endowment funds are considered appropriated by the Board through its budgetary approval process.

# **NOTE 11 - ENDOWMENT NET ASSETS (Continued)**

Good Shepherd's endowment investment policy is to invest primarily in a mix of investments in mutual funds based on an asset allocation to satisfy its overall endowment financial and investment objectives, such as to preserve the principal, protect against inflation, receive stable returns and achieve long-term growth. Good Shepherd relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends).

Changes in endowment net assets for the year ended June 30, 2019, are as follows:

Endowment net assets of \$71,783,376 and \$39,634,052 as of June 30, 2019 and 2018, respectively, are included in pledges receivable, cash and investments in the accompanying statements of financial position.

#### NOTE 12 - RETIREMENT PLAN AND DEFERRED COMPENSATION

Good Shepherd sponsors a non-contributory defined contribution plan under section 403(b) of the IRC through two insurance companies for eligible salaried employees based on annual compensation. Good Shepherd's Board of Directors determines the amount of contribution to be made into the plan on an annual basis. Retirement plan contributions for each of the years ended June 30, 2019 and 2018 amounted to approximately \$1,000,000.

# NOTE 12 - RETIREMENT PLAN AND DEFERRED COMPENSATION (Continued)

Good Shepherd provides regular employees a deferred compensation benefit for longevity. Each regular employee is entitled to one week base salary after ten years of service and will add additional weeks for each year thereafter based on a schedule up to a maximum of 12 weeks. As of June 30, 2019 and 2018, Good Shepherd has accrued approximately \$1,226,000 and \$1,324,000, respectively, for such benefit, and the accrual is included in accounts payable and accrued expenses in the accompanying statements of financial position.

# **NOTE 13 - COMMITMENTS AND CONTINGENCIES**

- A. Pursuant to Good Shepherd's contractual relationships with certain governmental funding sources, governmental agencies have the right to examine the books and records of Good Shepherd involving transactions relating to these contracts. Good Shepherd has made provisions for possible disallowances which have been included in accounts payable and accrued expenses in the accompanying financial statements.
- B. Good Shepherd is obligated under operating leases for the rental of premises for various program locations through 2026. The leases have escalation clauses related to increases in rent and taxes. Future minimum lease payments in each of the five years subsequent to June 30, 2019 and thereafter are as follows:

|            | Office       |
|------------|--------------|
| 2020       | \$ 2,636,000 |
| 2021       | 2,601,000    |
| 2022       | 2,635,000    |
| 2023       | 2,714,000    |
| 2024       | 2,470,000    |
| Thereafter | 7,437,000    |
|            | \$20,493,000 |

The rental commitment presented above does not include certain operating leases, which are currently on a month-to-month basis. Rent expense under all operating leases amounted to approximately \$2,804,000 and \$2,533,000 for the years ended June 30, 2019 and 2018, respectively.

- C. In the fiscal year 2001, Good Shepherd entered into a license agreement for the use of space by the New York City Department of Education. During the fiscal year 2016, the agreement was extended to continue until 2026. Under the license agreement, Good Shepherd will receive annual license payments commencing from the date of occupancy by the Board of Education to the end of the term of the agreement. License fee income amounted to approximately \$838,900 and \$993,800 for the years ended June 30, 2019 and 2018, respectively, and is included as part of miscellaneous revenue and other fees in the accompanying statements of activities.
- D. In addition, Good Shepherd has entered into non-cancellable operating leases for several company motor vehicles. Minimum annual rentals related to the leases are as follows:

| 2020 | \$<br>81,063  |
|------|---------------|
| 2021 | <br>27,107    |
|      | \$<br>108,170 |

- E. Good Shepherd is a defendant in various legal actions arising out of the normal course of its operations. The final outcome of such actions cannot be determined at this time. Eventual liability, if any, is likely to be covered by insurance except where the applicable insurance policies expressly exclude certain coverage which arguably relates to the claims.
- F. Good Shepherd believes it has no uncertain income tax positions as of June 30, 2019 and 2018 in accordance with Accounting Standards Codification ("ASC") Topic 740 "Income Taxes," which provides standards for establishing and classifying any tax provisions for uncertain tax positions.

# **NOTE 14 - CONCENTRATIONS**

Cash and cash equivalents that potentially subject Good Shepherd to a concentration of credit risk include cash accounts with banks that exceed the Federal Deposit Insurance Corporation ("FDIC") insurance limits. Bank accounts are insured up to \$250,000 per depositor. As of June 30, 2019 and 2018, there was approximately \$885,000 and \$1,374,000, respectively, of cash held by a bank that exceeded FDIC limits. Such excess includes outstanding checks.

# **NOTE 15 – SUBSEQUENT EVENTS**

Good Shepherd has evaluated for potential recognition and disclosure events subsequent to the date of the statements of financial position through January 17, 2020, the date the financial statements were available to be issued.
