StainlessArt®

The Name for Decorative Stainless Steel
Titanium Coated Stainless

Project Reference 2015

Trasfa International is one of the leading manufacturers for decorative stainless steel, called StainlessArt[®], in Asia Pacific since 1998 through its active and growing participation in most major aspects of industry.

Trasfa works closely with reputable Developers, Architects and Designers on highly regarded projects in the Region. Our presence over the years in the region, spanning across Taiwan, Hong Kong, China, Philippines, Vietnam and India, allows us to give spontaneous support to our valued regional clients.

At Trasfa, we combine superb products, comprehensive services and expert knowledge to produce great results for our clients, with a dedication towards satisfying even the most sophisticated demands of the market and constantly keeping our production techniques and "Know How" up to date.

Decorative stainless steel is one of the grades of stainless steel that offers distinctive and sophisticated quality which makes them ideal for modern architectural style. It carries superb aesthetic features that enhance the "Feel Good" quality and embellished the "Perceived Value" of the product made out of it.

StainlessArt[®], with a comprehensive range of decorative stainless steel, has been helping its client over the years to gain the competitive edge over competing products.

StainlessArt[®] products have been widely applied on :-

- Architectural :Column claddings, drive-way awning, facade panel, partition wall, shop front finishes, light fittings and etc.
- Vertical Transportation :Architrave and door cladding, truss and soffit cladding, interior finishes and etc.
- Signages & Advertising :Numbering, directory plate / board, feature wall, company logos, signboard and etc.
- Furnitures :Paneling, trimming, cabinets and etc.
