## What Category of Corporate Partnership is right for your organisation?

There are three different levels of Partnership – Large, Medium and Small, determined by the size and type of the corporate partner organisation. All will receive the same benefits from Corporate Partnership, details of which are shown below.

Corporate Partners are able to submit group membership applications which will be processed at the Affiliate level of individual membership. An individual code of conduct will apply to each applicant, and each will be subject to verification by the Security Institute's Validation Board. Each will receive correspondence confirming their Affiliate membership, and access to the standard range of member benefits offered by the Institute.

	Number fulfilling a security role	Affiliate memberships available <sup>1</sup>	Annual Fee (Inc. VAT where applicable) <sup>2</sup>
Large	More than 250	Between 11 and 20	£1,999
Medium	20 – 249	Between 6 and 10	£1,149
Small	20 or less	Up to 5	£725

<sup>1</sup>Where the maximum number of affiliate memberships is taken, additional discounts on subsequent affiliate memberships is available. <sup>2</sup>The fee charged at each category of partnership is based on a standard CP fee of £250 (plus VAT). Affiliate memberships are then charged at a standard rate of £84.95 (VAT exempt).
