# Care Sector Book

The vca Care Sector book has been created as a solution for people with communication challenges, it will help them connect with the world around them.

The book has been divided into four easy to navigate sections with clear concise images of day to day life or common scenarios. They are produced in a laminated wipe clean format.

By pointing discreetly at a picture it will help the user communicate their requirements.

At the back of the book is a section with numbered labels to enable you to put a word under each image. We have also included a translation for 8 European languages.

**Getting dressed**

**Daily routine**

**Food and drink**

**Medical**

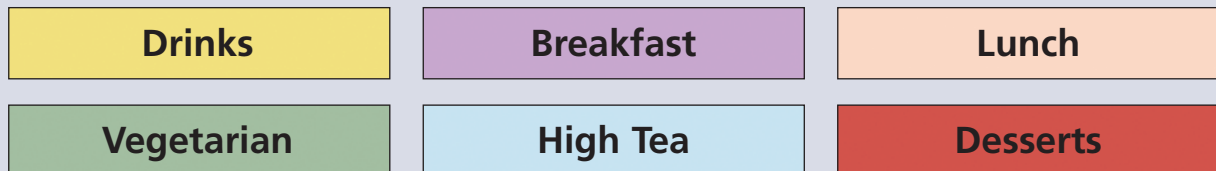

**£16.99**

# Care Home Menu Book

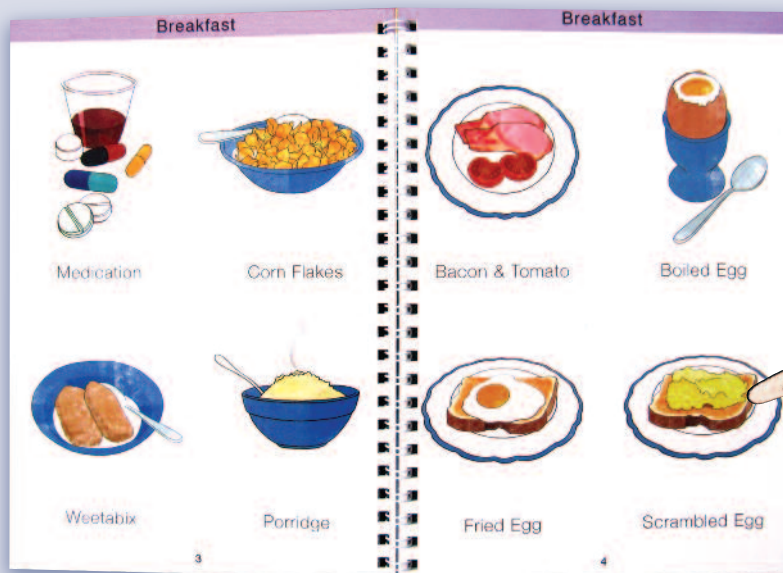

The vca menu book is a useful tool, which will help bridge the gap between carer and resident. It is an effective and gracious way of expressing menu choices.

The book is divided into six sections:-

Each section contains pictures of everyday meals, drinks, and snacks consumed in the Care Sector.

By pointing at the dishes the menu choices are crystal clear, giving people real choice and control over their menu selections.

## Aluminium Clip Frames

### A3 Conversation Board

Price includes dry wipe pen & holder.

- Size A3, 297mm x 420mm
- Supplied with dry wipe pen
- Pen holder attached to board
- Wipe clean surface
- No logo can be added to this product

**£27.90** + vat  
& postage

The vca Conversation Board will open up a dialogue between resident and carer. One of the positive results of the Conversation Board is, staff can engage on a personal one to one level, at an instance, no searching through client's files/notes particularly useful for night time staff.

#### How do I use the vca Conversation Board?

The clients details can be wrote onto the board with the dry-wipe pen provided.

As you engage in conversation you can fill in the family history (or a member of the family may do this with their family), Occupation history, likes and dislikes.

There is a suggestion of conversation topics that can also be spoken about and comments of interest written down.

The idea is that when a member of staff is in a client's room they can glance at the conversation board and pick something of interest to engage in conversation personal to that client. If anything new materialises from the conversation it can be noted on the conversation board.

### A4 Toilet Rota

The vca printing process using high quality inks means the image is printed directly onto the sign, and provides a crystal clear image, eliminating the need for laminating. This means you don't have to worry about peeling or fading over time. The vca signs come in two finishes:-

## **FOAMEX**

3mm Foamex in a matt finish.

Our Foamex signs are affordable yet durable.

The Foamex signs are non-reflective, with a crisp image. Easy to mount using double sided tape, adhesive, or screws.

## **PVC**

1mm thick vinyl PVC in a satin finish.

The vca PVC signs are a popular choice for hospitals. The signs are lightweight and thin.

A professional smooth gloss finish that virtually eliminates reflection and glare.

**The prices quoted are for the foamex signs. Please add £1.00 if you wish to purchase the PVC signs.**

# vca Directional Signs 30cm x 12cm

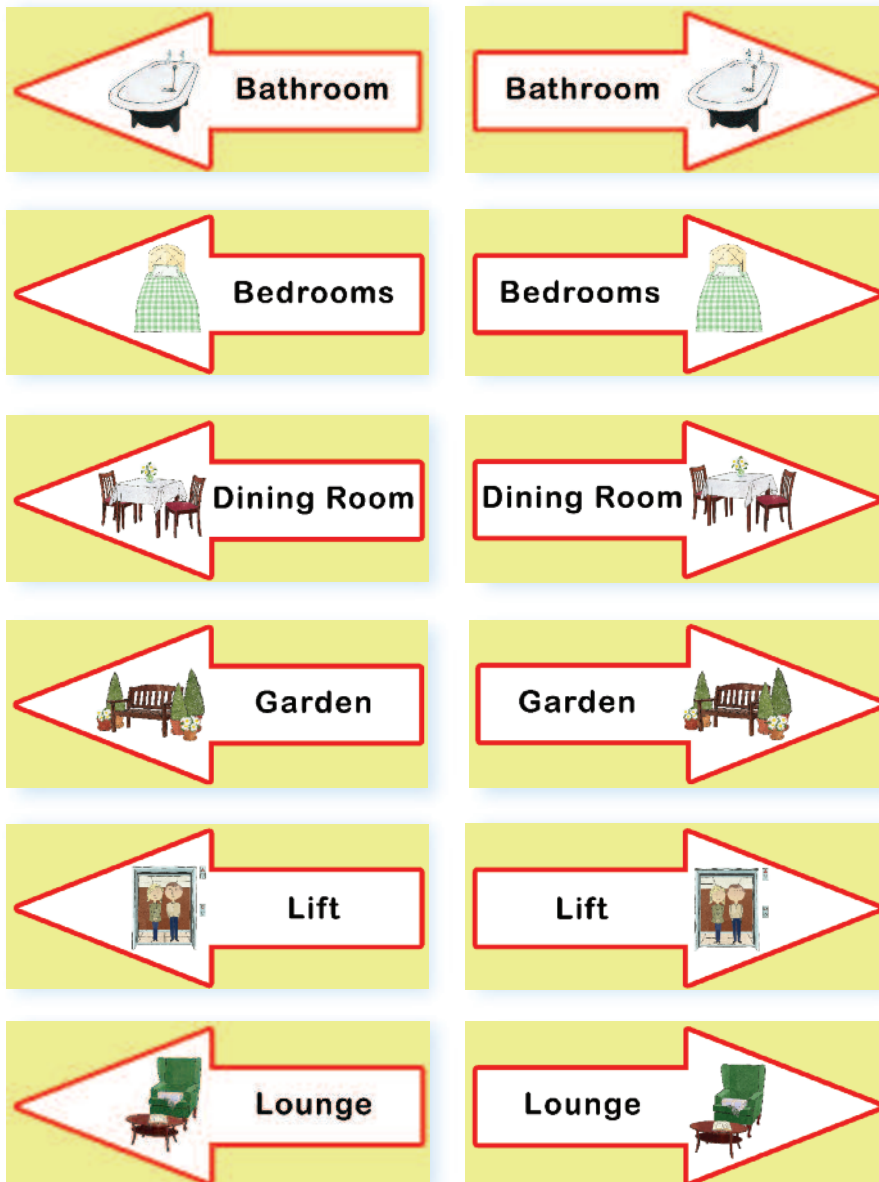

## The way finding arrows

The person centred, path finding signs have been devised to increase the independence of Care Home Residents.

The self adhesive, tough, laminated, non reflective, water proof signs have bold lettering and easily recognised images on a bright coloured background.

The arrows have been carefully designed so people with dementia will be able to 'path find' their way round their care environment.

**£11.95 + vat & postage**

## vca Directional Signs 30cm x 12cm

The way finding arrows

**£11.95** + vat & postage

## Memory Lane Signs 58cm x 18cm

**£32.99** + vat & postage

Person centred dementia care, should be standard practice in Care Homes according to a report in the Lancet. Memory Lane is all about living in the past, which is where mentally and emotionally many with Alzheimer's and dementia exist.

Using appropriate signage can help reduce agitation in people with dementia in Residential Homes. The new vca street signs can aid this process.

They measure 58cm x 18cm.

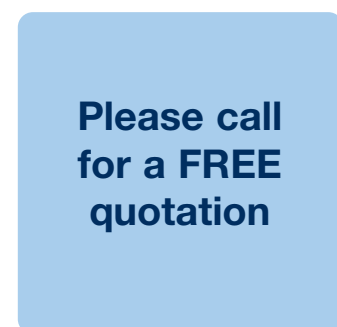

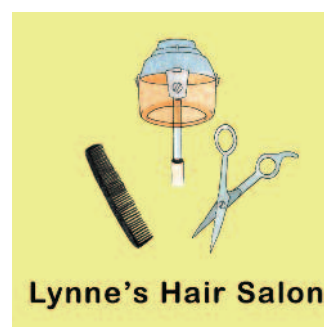

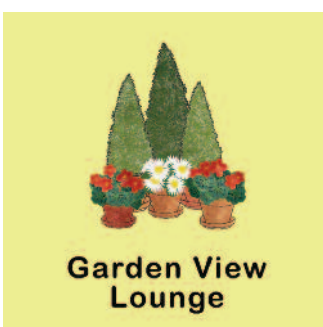

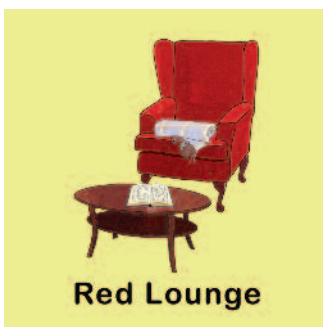

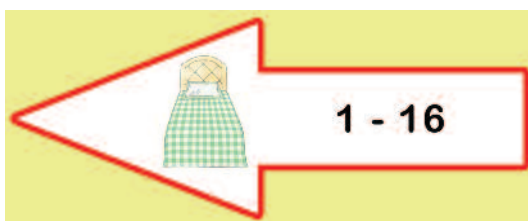

You can add your own street name free of charge.

Cost **£32.99** plus VAT & PP
