

**Katherine Pollard; PhD, MSc, PG Dip(Soc Sci), PG Cert(Health Economics), Dip HE(Midwifery), BA**  
**Position:** [Senior Research Fellow](#)  
**Department:** [Faculty of Health and Applied Sciences \(HAS\)](#)  
University of the West of England (UWE), Bristol

Katherine Pollard, PhD, is a researcher with a clinical background in midwifery. In her doctoral thesis she explored interprofessional working in UK maternity care using Critical Discourse Analysis. Her involvement in a longitudinal evaluation of an undergraduate interprofessional curriculum at the University of the West of England(UWE), Bristol, included leading on the development of the UWE Interprofessional Questionnaire, a tool which has been widely used in health and social care research.
