

Aleutian Cod Combination Trawl

A four-panel version of the Aleutian Cod Trawl is primarily used where more headrope height is required.

Features:

- Four-seam design increases headrope height.
- Low-stretch, high-strength riblines support codend loads.
- Small bottom wings for low maintenance.
- Net may be fitted with varying footrope styles adjusted to particular fish species and grounds.
- Constructed using high-grade polyethylene netting which allows for greater durability and strength.
