

CASE STUDY

SECTOR: **Oil & Gas**

Greenheart Launch Runners

CONTRACT: **Supply of Greenheart timber launch runners**

TIMESCALES: **12 weeks. Timbers delivered in 10 weeks**

Construction of an oil installation that needed to be moved out to a barge. Launch runners are used for this movement. Greenheart is commonly used for the purpose of launch runners as it is extremely strong and can handle the extreme weight loading required.

TIMBER REQUIREMENTS:

Aitken and Howard won the tender to supply the following:

- Planed Greenheart 300mm x 400mm

VALUE ADDED: **Timbers were planed to tolerance of -0/+2mm and drilled for manufacture**
