- staff attendance at mandatory HSUK safeguarding training, and accessing ongoing and refresher training in accordance with Home-Start guidance

2. Ongoing support and supervision for staff and volunteers

Home-Start ensures that all volunteers and staff, including the senior worker, access regular, recorded support and supervision in line with Home-Start guidance, and are clear about their role and responsibilities, through:

- the implementation of the Home-Start standards and methods of practice and safeguarding code of conduct for trustees, staff and volunteers
- Identifying personnel to hold the Strategic Lead and designated safeguarding responsibilities within Home-Start. (see Appendix 2 below)
- procedures to structure the management of any allegations of abuse against trustees, staff or volunteers

3. Information Sharing

Home-Start has clear expectations of all trustees, staff and volunteers for sharing information about families, parents, children and young people:

- all families supported are made aware of Home-Start's safeguarding and confidentiality policies
- a factual dated record of contact with the family and of any concerns about a child(ren) in families supported are kept in line with Home-Start's record keeping and record retention procedures
- Home-Start recognises the importance of sharing information to protect children and normally the disclosure of the confidential information to any other person may only be undertaken with the expressed permission of the parents for the purpose of assisting the family **however** where it is considered necessary for the welfare and protection of a child, information will be shared with the appropriate authority and families will be kept informed of Home-Start's actions unless to do so would put the child at greater risk of harm

4. Local Partnerships and Procedures

Protecting children is a shared responsibility. In order to fulfil its responsibilities in promoting the welfare and safety of children Home-Start:

*Throughout this Policy and related Code of Conduct and guidance children refers to children and young people who have not yet reached their 18th birthday. Schemes may add these additional words each time if desired

- maintains effective links with organisations working with children and their families within the community
- participates in local partnership arrangements designed to protect children and promote their wellbeing
- takes part in local multi-disciplinary training and integrated working in order to maintain an up-to-date understanding of local processes and to take up appropriate opportunities for professional development
- is aware of, holds current information on and works within the requirements of the local procedures followed by statutory and voluntary agencies
- identifies a local child protection/safeguarding adviser to support and advise the scheme with regard to local issues and procedures for safeguarding children. In some schemes this adviser is a nominated trustee who undertakes local and HSUK training in order to fulfil that role.

5. Managing Allegations

Government is clear that all children, no matter what situation they are in, should be protected from abuse. If organisers/co-ordinators or volunteers see or hear anything which causes them to have concerns or to suspect that a child is being abused by someone within Home-Start they should follow the procedures

- If the allegation is against a trustee, member of staff or volunteer, the concern should be reported to the appropriate line manager, the scheme's Strategic Lead (senior worker) and the Chair of Trustees immediately and to Home-Start UK
- The scheme's Strategic Lead, if not the subject of the concerns, is primarily responsible for taking all reasonable steps necessary to secure the safety of any child who may be at risk, by, for example, removing the person who is the subject of the allegation from any situation involving children. S/he will be supported by the safeguarding team and by the LADO as appropriate
- The Chair of Trustees and/or senior member of staff are responsible for liaising with the police and Children's Social Care about allegations
- It is important to remember the scheme's protocols for confidentiality and only those with a need to know should be privy to the details of the situation. This is particularly so for allegations of sexual abuse
- Paper and electronic records relating to the allegation should be made secure to prevent them being removed or changed
- Irrespective of action by Children's Social Care or the police, trustees must seek Home-Start UK support to follow the appropriate procedure which will normally include without prejudice suspension of the trustee, staff or volunteer pending investigation. Following the investigation, disciplinary procedures may need to be invoked. See disciplinary procedures and confidentiality and sharing information

In the case of a member of staff reporting concerns about a colleague, refer to the Whistle blowing Policy which details the appropriate support which should be provided, i.e. the right to advice and support, and to information about legal representation.
