DCT This colour is produced with DeepColour® Technology* and offers a darker, deeper, richer colour appearance, reduced whitening caused by impact, heat or thermoforming and reduced sanding time to achieve the desired finish compared with former versions. (* Patent pending) • Cette couleur est fabriquée avec la technologie* DeepColour®. Elle offre une tonalité plus intense, profonde et riche, un blanchiment moindre produit par un impact, la chaleur ou le thermoformage ainsi qu'une réduction du temps de ponçage pour obtenir la finition désirée par rapport aux versions précédentes. (* demande de brevet déposée) • Diese Farbe wird mit dem DeepColour® Technology* Verfahren hergestellt und bietet eine dunklere, tiefere, intensivere Erscheinung, geringere Verschleißanfälligkeit und einfachere Verarbeitung beim Thermoformen. (*zum Patent angemeldet) • Deze kleur is geproduceerd met DeepColour® Technology* en biedt een donkerdere, diepere, rijkere kleur; verminderde witvorming bij impact, hitte of thermovormen en verminderde schuurtijd om tot de gewenste afwerkingsgraad te komen. (* Octrooi aangevraagd) • Questo colore è realizzato con l'innovativa DeepColour® Technology*. Rispetto alle precedenti versioni, ha un aspetto più scuro, profondo, intenso, minimizza lo sbiancamento causato da impatto, calore o termoformatura e riduce i tempi di levigatura necessari per ottenere la finitura desiderata (*Domanda di brevetto depositata). • Este color se produce con DeepColour® Technology* y ofrece un color más oscuro, profundo y de apariencia más intensa, reduce el blanqueamiento causado por impacto, calor o termoformado y reduce el tiempo de lijado para lograr el acabado deseado. (* Patente pendiente) • Данный цвет создан с помощью инновационной технологии «DeepColour® Technology», которая позволяет добиться более темного, глубокого и насыщенного восприятия цвета, снижения белизны от ударов, воздействия температуры и термоформинга, снижения видимости царапин, уменьшения времени шлифовки для достижения желаемого результата.
