

Our Constellations of Laser Machine

- Marking / Cutting / Welding Lasers
- Deep Engraving 3- Axis lasers
- Texturing, Step Marking , 2D & 3D Engraving Lasers
- UV / Green / Infrared / Nano Second / Femto Second Lasers
- Vision Inspection System Ready
- Track & Trace Ready
- Fully Customizable Laser Machine

European components selected carefully

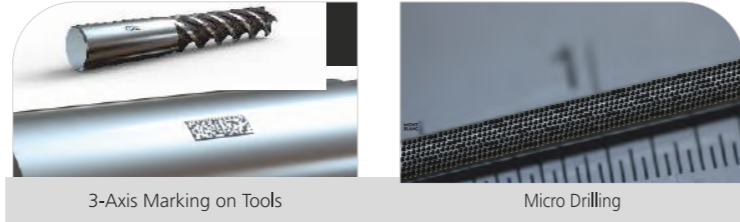

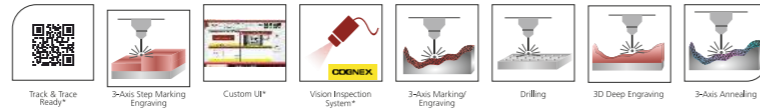

ORION

3 AXIS TABLE-TOP MACHINE

LESS IS MORE

Benefits at a Glance

- Ideal for Applications on Small Parts - Production - Use 24X7 Professional Use
- Permits Extensive Processing Flexibility
- Safe, Compact & Accurate
- 3 Axis Movement Capability
- Micro Engineering - For Labs, Prototyping, Jewellery Watches, Medical production
- Warranty** - 2 Years

3-Axis Marking on Tools

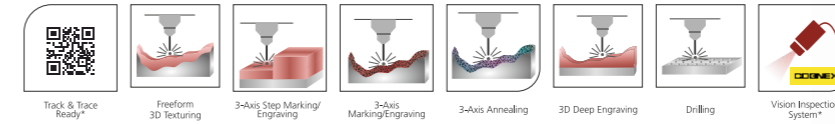

Micro Drilling

HERCULES

GREAT PRECISION
BIG IMPRESSION

Benefits at a Glance

- Design to Withstand Harsh Industrial Environment
- Air Cooled, Maintenance Free & 180° Access
- Ubiquitous Application & Integration
- Customization Friendly
- Trace & Track Ready

Texturing & Deep Engraving for Shoe Die

2D engraving on 3D Surface

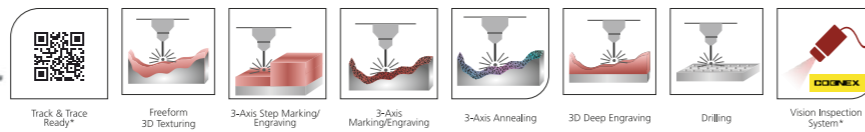

JACK OF ALL TRADES

URSA

Alleskönner

Benefits at a Glance

- Ubiquitous Application and Integration
- Designed for Efficiency, Comfort & Productivity
- Superior Processing Flexibility (Pulse Tuning)
- Safe With Higher Working Speed
- Precise & Stable Work

3D Organic / Geometric textures on curved & freeform surfaces

3D Deep Engraving on Hardened, Cold working steel Bohler K110-HRC-60-62

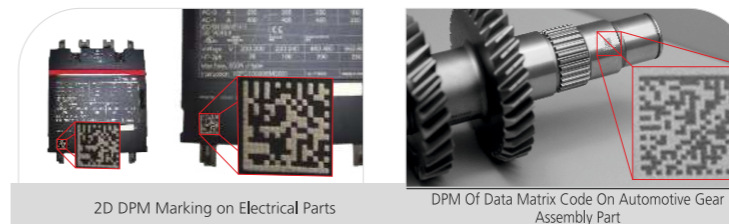

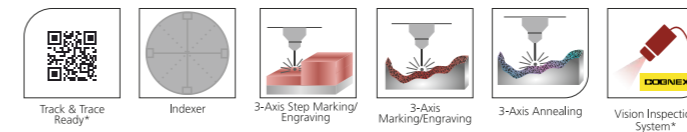

PRODUCTIVE & VERSATILE

ROTO

3-Axis Laser Machine

Benefits at a Glance

- 3-Axis marking, engraving laser system
- Track and trace ready
- Integrated optical inspection system
- Semi-automatic with high productivity
- High precision & selectable multistation functionality

2D DPM Marking on Electrical Parts

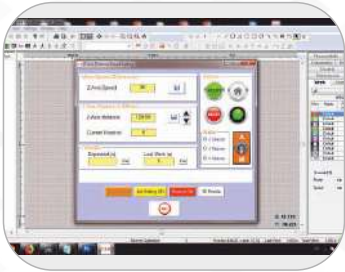

DPM of Data Matrix Code On Automotive Gear Assembly Part

N.B. Markolaser reserves the right to change the design to upgrade the technology from time to time.
* Optional Items: Custom Made

Logos & Artworks Shown are Property of Respective Companies

Supplementary Options

Customized User Control Interface :-
Alarm, Authentication level
Database integration, Production log
& sensors control interface etc

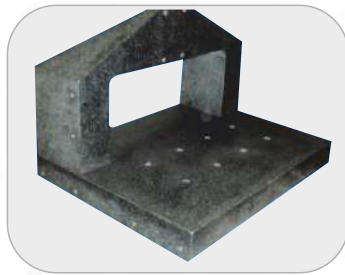

Motorized Rotary
Axis

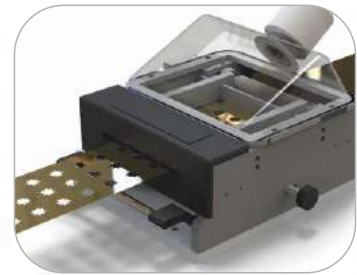

Motorized XY Axis
for Pelletization

Force 3+
Fume Extractor

Granite Base
& Z-Axis Portal

Sliding Mechanism
for Cutting
