TECHNICAL DATA SHEET

Gridlok Elite Applications:

The product can be used in areas that require a high load bearing capacity. For example, car parks, emergency access routes, pathways, helicopter landing zones, light aircraft taxiways & road verge reinforcement.

Product code	1A164545
Product name	Gridlok Excel
Colour	Green or Black
Polymer type	Recycled Polyethylene & Polypropylene
Product type	GROUND PROTECTION
Pieces x UM	1
Linear m. x UM	475MM X 475MM
Height (MM)	39MM
Base Reinforcement	26MM Moulded studs
Weight Kg	1.05KGS (-/+ 2%)
Load Bearing Capacity	240 Tonnes
Cell Wall Thickness	3MM to 6MM
Pavers Per M2	4.40
Cell Opens	95% on the surface & 80% on the base
Connection method	Paver Edge spikes & loops
Pallet Quantity (Pallet dims - 1M x 1M x 2.4M)	240 units
