**EAGLE T20CF**  
Fully Automatic Case Erector

Berran Industrial Group, Inc. offers a full line of industrial-grade case erectors. The Eagle T20CF is designed with the operator in mind. With quick and easy case changeover capability, this machine is sure to be the workhorse of your packaging department. The Eagle T20CF comes standard with many features other manufacturers charge extra for.

**FEATURES**

- Automatic case filling and sealing
- RAC controlled with full-color 7" touch screen
- Rapid change over allows the operator to quickly and efficiently change case sizes thereby increasing production
- Self-cleaning system - Prevents malfunctions from cardboard dust remaining after the previous run
- Equipped with a 5-point industry-leading emergency stop and safety system
- Capable of erecting 18-19 cases per minute
- Complete steel frame construction
- Fully enclosed machine with multiple access doors for quick and convenient maintenance
- Full stainless steel filling, linking, guide plates, and lock adjusters
- Metal case storage with low case warning sensor
- Lockhead built case erector
- Tape head adjustable for 2" and 3" tape using the same tool

**SPECIFICATIONS**

Power Supply: 110VAC, 60Hz  
Air Consumption: 1 CFM @ 90PSI  
Compatible Carton Sizes:  
Length: 11" to 26.3"  
Width: 5.5" to 15"  
Height: 3.5" to 16"  
Tape Width: 2" and 3"  
Working Speed: 6 - 12 cases/minute  
Machine Dimensions: 80.7" x 86.6" x 51"  
Shipping Weight: 881.8 lbs.

Electronic Working Conditions:  
Max. Humidity: 85%  
Temperature: 22°F - 104°F

Caution must be observed at all times when operating this machine. Read the manual for complete instructions.

**Stack-N-Go**  
Compact Power Driven Stacker

Stack-N-Go's compact stackers are available in multiple configurations for use as an adjustable height workstation for food and retail pallets. For transporting loads on pallets, or loading loads up to 7' high.

- 1,500 lb capacity, 50" lift single stage mast units
- 2,500 lb capacity, 50" lift two stage mast units
- Narrow mast and offset handle provide maximum operator visibility
- Two stage mast unit offers extended lift vertical loading to lowered mast height
- Available in fork cover and mastless styles
- Use in light manufacturing, warehousing, assembly and more retail facilities

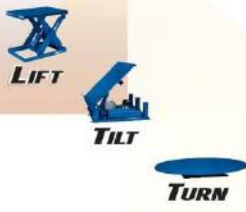

Stack-N-Go's compact stackers are available in multiple configurations for use as an adjustable height workstation for food and retail pallets. For transporting loads on pallets, or loading loads up to 7' high.
