Drummer, percussionist and bandleader Lucas Van Merwijk has been at the forefront of the European jazz, Latin and percussion scene for 25 years. He won the prestigious Global Act Award 2010 for his work in the World Music field.

The musician is internationally recognized for his drumming with great Latin bands such as Nueva Manteca and the Cubop City Big Band. In this edition of his Music Machine, he sought for a more intimate setting and found the Cuban star pianist Ramon Valle to participate. Together with top soloist on the European jazz scene for many years Bert Boeren on trombone and wonderful bass player from Venezuela, Samuel Albert Ruiz, they give a spirited and personal twist to the rich repertoire of Cuban music.

The event is slated for April 5 (8 pm) at Indigo Live Music Bar, Koramangala.
