SL-8850 Sound Level Meter

Sometimes a low cost solution for finding sound levels can be very useful, for example when alarm testing, setting up a home cinema system or other applications where the accuracy of a full compliance meter is not required. The Castle SL-8850 is ideally placed for these situations.

Features

- Designed according to the IEC651 type 2 & ANSI S1.4 type 2 for sound meter
- Sound Pressure Level measuring function (SPL)
- 2 measuring ranges: Lo (low):35 -100dB Hi (high): 65 - 130dB
- 2 equivalent weighted sound pressure levels A and C
- 2 dynamic characteristic modes : S (slow) and F (fast)
- Recording of MAX measuring value
- Data-hold function
- Low Power Indication

Specifications

Sensor 1/2 inch Electret Condenser Microphone Display LCD with maximum display 1999 2 measuring ranges Lo (low): 35 - 100dB, Hi (high):65 - 130dB Resolution / Accuracy 0.1 dB / ±1.5 dB Linearity Range 50dB Frequency Range 31.5 Hz - 8.5 KHz Frequency Weighting A and C Time Weighting S (slow) and F (fast) 'Lo' Indicates: range 35 -100 dB is selected 'Hi' Indicates: range 65 -130 dB is selected 'OVER' OVER appears when actual value surpasses maximum limit on the selected measuring range 'UNDER' UNDER appears when actual value is below minimum limit of the selected measuring range 'MAX' MAX appears when slide switch is pushed to range MAX, then the meter dynamically displays only the maximum value sensored Data-HOLD HOLD appears when HOLD button is pressed Low Battery Appears when power gets weak Operating Temperature 0°C - 40°C (32°F - 104°F) Operating Humidity 10% - 80% Storage Temperature -10°C - 60°C (14°F - 140°F) Storage Humidity 10% - 70% Power supply 9V (6F22 or equivalent) x 1 Dimensions 73.6 x 235 x 32mm (2.9' x 9.25" x 1.26") Weight Approx. 235g (7.56oz)

To the Safety, Health and Environment Professional...

The issues faced every day by Health, Safety and Environmental professionals are vast and varied. At Castle, we have spent a lot of time developing products and services to make your life easier!

Castle Group Ltd are one of the leading international group specialists in technical safety, health and environment solutions. Whether you are in Industry, Construction, Local Authority or anywhere there are safety or environment issues, we are a resource you really could use. We can help with Noise, Vibration, Air sampling, Gas detection, Light and temperature and just about anything else that needs measuring. The following services show you how we can help

FREE Health & Safety Training Seminars!

To get you off the ground, refresh your knowledge or just to get a taste, Castle is continually running FREE Safety, Health and Environmental seminars around the country. Covering subjects from Noise at Work, to COSHH and Audiometry, the list is ever growing, as are the locations. Check out our web site for the next seminar near you.

www.castlegroup.co.uk

Castle Instruments

Dealing with many Safety, Health and Environmental issues may well mean you need access to a plethora of **equipment** and **instrumentation** to carry out measurements and assessments necessary for the job.

At Castle we can provide you with just about any of the equipment you might need. All our equipment comes with the **guarantee** of back-up and support you only get from a company with 40 years under its belt! Here are a few of the core products we can offer, but we can also source anything you may need!

Noise and Vibration Measurement Equipment
Audiometers, Otoscopes and Booths
Air-Sampling Pumps, Calibrators and Consumables
Gas-Detection and Personal Monitors
Emissions and Air Quality
Light, Temperature, Humidity and Airflow

www.castlegroup.co.uk

Castle Training Academy

Training is becoming an ever more important area of consideration to industry **professionals** and the Castle Training Academy is fulfilling the need for more and more companies every year. The Academy now offers **competence** training along with IOSH and CIEH **qualifications**. What is more, look out for our NEW City & Guilds provision. All courses come with professional **CPD** points and many are eligible for CITB and Train to Gain **grant funding**.

You can see a full list of courses and book-online on our website.

www.castletrainingacademy.com.

CastleRent

There are a number of **reasons** why rental may be the solution for you. You may only have a one-off use, a special contract, a limited budget or a need for supplementary products. In any case, our **flexible booking** system, next day a.m. delivery and open-pricing mean that you can address any of these issues without delay. For long-term contracts, such as construction projects, Castle Rent is also a **tax efficient** way to 'own' equipment. Finally, for peace of mind, what better way is there to try a product before deciding to buy it? We even give you money back if you do purchase!

The Advantages of Castle Rent;

Easier on cash-flow
Rent for long- or short-term as you need it
Let the Tax Man pay for you!
Try before you buy
Four weeks for the price of three
No on-going maintenance costs
Sourcing service for any other equipment you need

www.castle-rent.com

Castle Care

Measurement instrumentation must be **regularly** calibrated to a traceable standard and this is certainly true for most health, Safety and Environmental monitoring equipment. At Castle, our team of **highly trained and experienced** technical staff can service and calibrate almost any type of monitoring equipment from Noise and Vibration meters to Thermometers to Scales. The Castle **'Premier Service'** includes menu pricing and a normal turnaround time within 5 days. What is more, we will evaluate any instrument and return it for **FREE** if you do not want to proceed.

Castle premier service and calibration offers...

Free Evaluation Service
Clear and Simple Pricing
UKAS Accreditation Available
Large range of equipment calibrated
4 Levels of calibration available for most equipment
Annual contract calibrations with up to 20% off

www.castle-care.com

Castle Contracts

For companies with **multiple** pieces of **equipment**, there is also Castle's 'Contract Calibrations'; an annual scheme to take the hassle out of maintaining equipment certification. Castle will issue calibration **reminders**, collect your equipment if required and return it calibrated as soon as possible. This scheme also affords a **saving** of up to 20% on annual calibration charges.

Castle Consultancy

Castle **experts** are waiting to help you. Because we have a **network** of consultants across the country, we are poised to **react** to your requirement. Not only can we normally provide a local service, but we can usually help right away if you need us to!

Whether you are limited for time, in need of further **expertise** or just want some **advice**, we can assist. We have provided a wide range of services to many top companies for projects large and small.

Here are some of the services we can provide, but if it's not here, just ask!

Noise or Vibration risk assessments
Building Acoustics
COSHH compliance
Environmental Impact Assessments
Air Quality Monitoring
Occupational Health Screening programmes

www.castle-consultancy.com

Castle Online

You can access all our products and services online whenever you want, just go to www.castlegroup.co.uk and you will find a **knowledgebase** packed full of useful facts and information. You will also find details of all our upcoming **FREE** seminars and training courses as well as product information on literally hundreds of health, safety and environmental items, which are available to purchase directly through a secure server. Among other things you will find:

HS&E Measurement Products Books, Standards and Publications HS&E CD's DVD's Stopwatches and Timers Scales and Distance Measurement Water Testers

You will also find our shop on ebay of all places - http://stores.ebay.co.uk/Castle-Group-Safety or just go onto ebay and type Castle Group Safety in the shops section.

Who are Castle

For 40 years, Castle has been driving forward with product and service innovation. For a number of the early years, the company focussed on the development of sound and vibration measuring equipment. This was then progressed by adding training courses, rental and consultancy eventually leading to the Castle of today, which is helping many customers deal with a vast range of health, safety and environmental issues in a variety of ways. The future is a very exciting place at Castle and we are working on many new initiatives with our customers firmly in mind!
