

WEATHERPROOFING ADVISORS LIMITED

Formica – Compact Warehouse North Shields, Tyne & Wear

Weatherproofing Advisors Limited were appointed by Formica Limited to carry out the roof refurbishment upgrade to the Compact Warehouse.

The works included removal of existing asbestos sheets and resheeting with Kingspan composite panels, along with treatment of the gutters with liquid applied coatings. The glass sections to the Lantern Light were removed and replaced with a twin skin built up system.

The new refurbishment works, including the installation of safety netting and scaffolding, was for the removal of the twin skin asbestos sheeting to allow the installation of 120mm Kingspan Composite Panel including Trapezoidal Rooflights.

During these works the glazed Lantern Light was stripped back to the steel frame and a twin skin built up roofing system was installed.

Works had to be carried out in conjunction with Formica production due to the excessive bird fouling which had built up, over the years, inside the Lantern Light.

The south elevation has been fully completed to allow for the future installation of solar panels.

Far left: Existing roof areas were dried off and repaired prior to the new waterproofing system being installed.

Left, top: Deteriorated mastic asphalt waterproofing membrane.

Left, bottom: Completed roof area including the refurbishment of the permanent handrail system

Main image: Completed roof area incorporating gutter detail.

Setting new standards for the roofing industry.

Established over four decades, Weatherproofing Advisors continue to raise the bar with respect to their technical and service capabilities.

Specialising in the maintenance and refurbishment of roofing and cladding, Weatherproofing Advisors have built their enviable reputation around their passion for providing their customers with unparalleled levels of service.

Service the WPA way

Our culture of continual improvement and going the extra mile for our customers and colleagues alike has enabled us to develop a true and lasting partnership with many of our clients.

Our customers say we bring real value to their business – over 93% of our customers said we had provided excellent levels of service in relation to quality of works, health and safety, communications and customer care.

All sectors covered from service centres across the UK

Weatherproofing Advisors Ltd offer both a regional and national capability through their service centres across the UK. We have experience of working in all market sectors and fully appreciate the different demands associated with each.

Good service does not happen by accident.
