EMPOWER YOUTH THROUGH GOLF

We help get you to college in the healthiest way 😊

EMPOWER YOUTH THROUGH GOLF

We started the FCG Tour in 2007 to improve the environment for junior golf development. There are many traps and paths players and parents go down that creates burnout and family stress. We are proud of what we have created and we know you will reach your goals by playing the FCG Tour.

FCG is the PATH to College Golf

College Coaches recruit heavily on the FCG Tour. Many other Tours will claim that they have College Coaches support but few really do. We host a few key events annually that have over 30 college coaches

The **FCG National Championship** formerly known as the **San Diego Junior Amateur** is annually held in San Diego during Winter Break. This event will sell out with 180 Boys 15-18 and Over 100 Girls 15-18. 30 College Coaches attended last year's event.

The **FCG International Junior Golf Championship** annually staged the week prior to Junior World is also one of the World's Most Highly Recruited Events in Junior Golf. 30 College Coaches attended the 2016 event and several players committed to schools on the spot!

Chris and Antrone are the driving forces behind Future Champions Golf and our mission to help you get **the college level at an affordable price.** Remember you can play our tour without being a member and get to play in front of so many coaches.

In addition we email every **USA College Coach** with tournament results after every FCG National and World Series event.

Our College Coaches Network

- ◆ Chris and Antrone have been developing **personal relationships with college coaches** since 2004.
- ◆ Chris has **personally coached** and helped players earn over 70 College Golf Scholarships.
- ◆ FCG now annually hosts a **College Golf Coaches Networking Event** during the west coast summer events.
- ◆ We receive emails weekly from **College Coaches** all over the USA asking about our players and learning more about who might be a good fit for their school.

Testimonials from College Coaches

- ◆ “I spend time each summer at future champions tour events because the quality of players is worth watching. I also find the tournaments to be set up at yardages comparable to college golf so I can evaluate on an even scale.” – **Leslie Spalding, Head Women’s Coach at San Diego State University**
- ◆ “The Future Champions Tour has been a great source of recruiting for me both at San Diego State and now at the University of Maryland. Not only do they have the best kids from California playing in events, they have some of the top juniors from around the world. The staff is always extremely helpful in giving coaches contact information of players and going above and beyond to help in anyway they can.” – **Tiffany Prats, Head Women’s Coach at Maryland**
- ◆ “Future Champions Golf Tournaments continue to exceed my expectations and their reputation for hosting quality events at big time venues is amazing. I regularly attend the FCG World Series Events as well as follow all their tournament results in search of my next recruits. If you aspire to play collegiate golf then please consider the FCG Tour. Their events are affordable, open to all players, and they play amazing venues like PGA West, Sandpiper, and Pumpkin Ridge.” – **Tim Mickelson, Head Men’s Golf Coach at Arizona State University**
