# THE HISTORIC HILLCLIMB

See, hear and smell Scotland's oldest motorsport venue roar into life, as legendary racing machines from across the ages, fiercely compete across two full days, to be the fastest up the challenging Bo'ness Revival Hillclimb.

Bo'ness saw Scottish motor racing heroes like Jim Clark and Sir Jackie Stewart rise to fame on the tarmac at Scotland's first true motor racing venue.

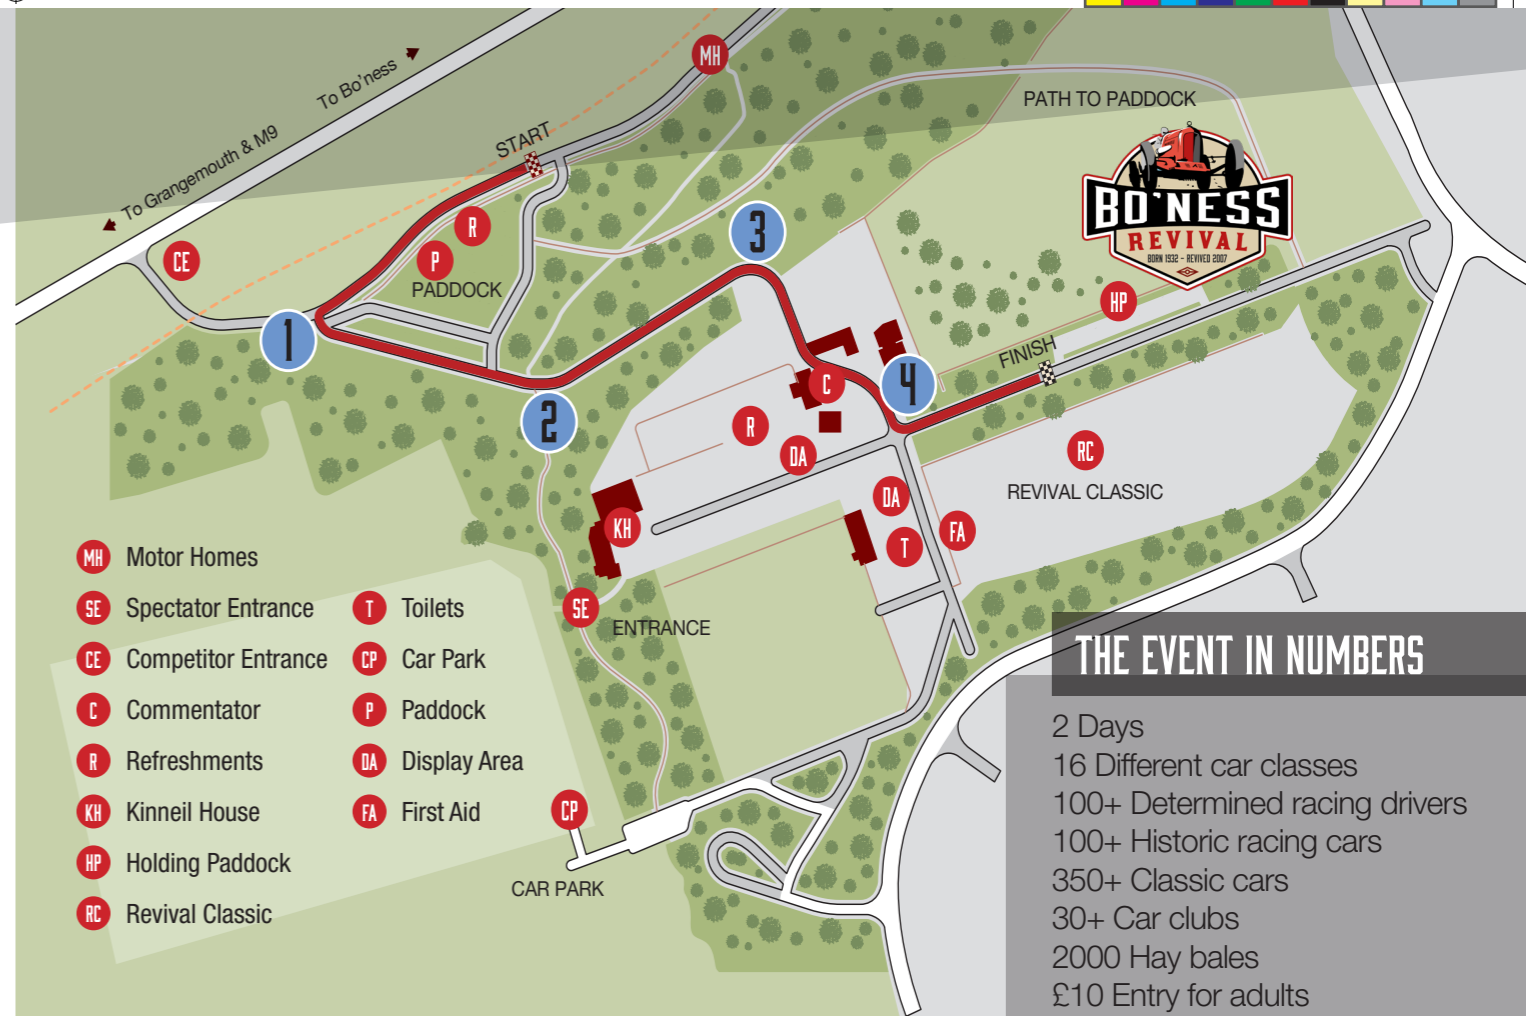

Every year at the Bo'ness Revival, we celebrate over 80 years of hard fought racing at the venue, with a selection of competing cars from the early 1900s right the way through to the late 1980s. Don't be fooled into thinking this is some kind of classic car parade though, these guys mean business and you can

watch them battle it out against the clock across two days of exciting, flat out racing action guaranteed to get your pulse racing!

Competitors travelling from across the UK, face a challenging tight and twisty course, which always delivers plenty of fast, sideways action. The cars are split into 16 different classes according to age, power and engine size and race across two days.

You get access to the paddock areas so you can get up close to these racing monsters and chat to the drivers, whilst steam trains pass above you on the Kinneil Railway! Out on the track, you are as close to the action as possible at every corner.

Don't miss out on the most exciting place to be on the first weekend in September, book your tickets online now!
