

Hello, my name is Adamo Antonacci, I am currently studying Business, Employability & Enterprise here at Borders College. I believe that I would be the perfect candidate to fulfil the role of the Borders College Student President.

I am running for this position as I believe that I would have a positive impact on the students as well as the College. I think that meeting all students' needs is a fundamental part of their education.

My main goal is to engage, involve and work closely with all students to let them have their say. This will help me understand how they would like to create a better environment and make their Borders College Campus a better place. I think that this has been a goal of many previous Student Presidents but I think that there is still room for improvement. I believe that I am different to any other candidate as I am among the younger group at Borders College, but I do think that I can use this to my advantage because I have a good understanding of the younger generation and the modern day society that we live in. I approach all tasks in a confident but mature manner. I am also a very approachable person, which I think will encourage students to open up and share their ideas and opinions.
