## Nuffield Health | Case Study

Nuffield Health Hospital Cambridge

**Nuffield Health**  
FOR THE LOVE OF LIFE®

Nuffield Health were looking to install a series patient entertainment systems into the Chemotherapy Suite of their newly opened Cambridge Hospital.

The client required a system that would be easily accessible to all the bays but took up as little floor space as possible. For that reason it was decided that the ErgoMounts T2 Elite Ceiling mount with Quicklink would be the most suitable solution due to its high level of adjustment, small storage footprint and durability.

One challenge faced during the installation was the support structure in the ceiling wasn't wide enough to mount the standard T2 ceiling bracket. Luckily our team of highly skilled installers were able to construct a strong timber structure to mount onto the ceiling infrastructure and ultimately to the mount.

The products were delivered and installed within the given time frame and both patients and staff at the hospital have been very happy with their new PES mounting solutions.

### Part List:

E MELQ5120-C8X36-MW

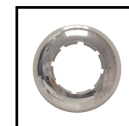

T2 Elite Quicklink  
Ceiling Mount  
36" Drop  
Medical White

E MTHBV-MW

T2 Grab Handle  
Bull Horn  
Large  
Medical White

E MB0500-0003-CH

Ceiling Mount  
Finishing Ring  
Chrome
