What's involved?

This imaginative event has so much to offer as teams initially launch into a number of creative team work challenges designed to get participants working together to earn 'fun money'.

The more challenges that they successfully complete, the more fun money they will earn and be able to spend during an exciting shopping spree in our unique 'Shop of Dreams'.

With a wide range of team challenges to complete, that could involve anything from identifying famous landmarks to building a crazy vehicle from junk, teams will need to work together to plan their strategy to earn the most cash.

Challenges completed, the shop doors open and it's down to teams to grab a basket, snap up the bargains of the day and purchase the child friendly items that can be included in their team's gift boxes

Shopping done, it's time to visit the checkout, pay for the goods, collect your flat-pack boxes and then build, wrap and lovingly fill them up with the goodies! And don't forget to include a personal message!

At the end of the event, all the boxes are stacked in the 'distribution area' to enable teams to see just what they've

achieved as a whole group. The final activity involves teams hearing about how their efforts will 'make a difference', on a global scale.

The event ends with the showing of a moving, specially prepared film showing children in third world countries receiving the unique gift boxes.

A truly unique, meaningful and worthwhile event that has a really positive impact on children throughout the world.

What have people said?

'A really meaningful and fun event that has the added bonus of really making a difference'
