Various hosting services are available. Please contact the Accounts Team for more details.

ASK4 TELEPHONY SERVICES

Businesses require a diverse range of hosted telephony and associated services. Following a consultation, ASK4 will recommend the best services to meet your needs in the most cost effective way. There are a range of functions available including hunt groups – enabling you to manage your call flow – as well as several software applications available for mobiles, PCs or MAC, and fax to email solutions.

Voice Line inc. voicemail (per user)

£10.00 per month

Every handset requires a dedicated voice line which is set up with voicemail as standard. All users can access their own personal System Management Tool called Phone Manager. This can be accessed via any PC, Laptop or MAC when connected to the internet.

HANDESETS	MONTHLY CHARGE	PURCHASE PRICE
Basic- Aastra 6863i handset rental**, ***, ****	£5.25	£55.00
