

OVERVIEW

An intuitive, straightforward and secure solution for storing, managing and making your employee data work for you. Our cloud-based system reduces the time you spend on repetitive tasks by streamlining and automating processes and giving you the tools for more effective people management.

DATA STORAGE

Time to go paperless! Centralise all your employee information in one place, keeping it secure and accessible whenever you need it.

HOLIDAY REQUESTS

Self-service, shared calendars, block-bookings and carry-over makes it a breeze to manage holiday requests and time off.

ABSENCE MANAGEMENT

Record, monitor and manage absence proactively with the right tools, information and reminders at the right time.

REPORTING

Spot patterns and trends at individual, team or company level to help you make more informed business and people decisions.

ORGANISE YOUR TEAMS

Admin, manager and employee access levels encourage team autonomy, reduces reliance on HR and keep everyone on track with email reminders.

DRIVE PERFORMANCE

Encourage proactive performance routines with automated reminders, prep forms, agendas, and SMART objectives to help smash your goals.

DOCUMENT ACCESS

Helping keep your people files organised, reducing time spent searching and providing a robust evidence trail should you ever need it.

Annual fee: £1500

Access to the system for 12 consecutive months (up to 75 employees)
