# Rules of Press

Guidelines for uploading or sending files to Crown Press, Inc. for print.

# CMYK

Please use a CMYK workspace to create your artwork

# 300 DPI

Don't forget to set your artwork for 300 DPI (dots per inch) for clearest print resolution

# 0.125

Ensure an eighth inch (0.125) bleed on all sides of your artwork

# PDF's

PDF files are the preferred print file format here

# Flatten

When submitting a PDF, please be sure to flatten your file to prevent any font and image errors

# Uploading

When uploading your artwork, please let us know to expect it. This way if the file never gets here, we can keep you in the loop!
