School Health and Safety Policy Statement

The School Improvement Board (SIB) and Headteacher recognise their responsibility to provide a safe and healthy environment for teaching and non teaching staff, pupils, visitors, contractors at the premises and those affected by the school's activities elsewhere. Within the ethos of self regulation the SIB and Headteacher will, so far as is reasonably practicable, ensure a safe place of work and a safe system of work.

In carrying out the above policy effectively the SIB and Headteacher, within the ethos of self-regulation, undertake so far as is reasonably practicable to:-

- seek the co-operation, through consultation and involvement, of all employees with a view to implementing the requirements of the Health and Safety at Work Act 1974, and associated legislation;
- maintain all places of work, including the means of access and exit from such places, in a safe condition and ensure that work equipment and systems of work are maintained to be safe and without risks to health;
- provide and maintain facilities and arrangements for the welfare of employees and pupils, including adequate provision for first aid treatment;
- ensure safety and the absence of risks to health and to the general environment in connection with the use, handling, storage, transport and disposal of articles and substances, and to provide appropriate protective equipment where necessary.
- bring to the attention of all regular and temporary employees, pupils, visitors, contractors, at the school premises their responsibilities with regards to their own safety and the safety of others who may be affected by their acts or omissions. This will involve the provision of such information, training and supervision as is necessary;
- identify, eliminate or reduce by controls, hazards which exist at the place of work through risk assessment and bring such hazards to the attention of employees and others who may be affected. This will include the formulation and where necessary, practise of effective procedures for use in the event of a serious risk or imminent danger.

In addition to assist in the proper implementation of this policy the SIB and Headteacher will;

- keep abreast of legislation by ensuring adequate and appropriate advice through persons competent in health and safety matters and provide the necessary resources to ensure effective safety management. This will include monitoring health and safety performance on a regular basis with regards to places of work, work activities and, where necessary, contractor activities as well as keeping records;
- bring this policy statement and relevant safety arrangements not only to the attention of all employees, but other persons affected by the school's activities. The policy statement, organisation and arrangements will be reviewed and amended as often as necessary.

A copy of the statement is posted in the entrance hall.

A copy of the statement is given to every employee (both teaching and non-teaching) by law, but in practice they should have full access to the whole policy. 'Every' records that staff has read and understood the policy.

2.1 The Trust

For academy schools the Trust is the employer and has the statutory duty for the safety of employees, pupils and others affected by school activities. The H&S duties for the Trust in respect of these schools are –

- Ensure compliance with health and safety legislation – monitor and initiate action if necessary;
- Ensure an active and proportionate approach to managing health, safety and welfare risks to the school workforce and pupils;
- Ensure that procedures are in place to effectively manage H&S;
- Support the Headteacher to develop a school health and safety policy and provide procedures, standards and guidance;
- Provide health and safety training and information to the school workforce, including School Improvement Board Members with H&S responsibilities, so that they understand their responsibilities;
- Ensure that adequate resources are provided for the provision of appropriate information, instruction and training of key personnel;
- Ensure that those delegated health and safety tasks, e.g. risk assessment, are competent to carry them out;
- Work with the Headteacher to support and strengthen H&S leadership; and,
- Ensure competent H&S advice is available when required.

2.2 School Improvement Board

School Improvement Boards have a responsibility to support the Headteacher to ensure that the school has effective H&S arrangements in place to meet statutory requirements, Trust and national guidance. The School Improvement Board should:

- Support the Headteacher by reviewing the school safety policy;
- Include H&S as a regular item for meetings of the School Improvement Board;
- Consider the nomination of a named School Improvement Board Member to oversee H&S within the school; and
- Provide challenge and hold the Headteacher and senior managers to account for H&S performance.

2.3 Headteachers

The Headteacher has considerable autonomy in the day to day running of the school and needs to ensure H&S risks are appropriately managed. The Headteacher will:

- Put into place an effective system for managing and monitoring H&S risks;
- Ensure staff, pupils and visitors are aware of the precautions and protective measures required for managing H&S risks;
- Ensure that where H&S has been delegated, that staff have the authority, capacity, competency, resources and training to take on these responsibilities and that clear lines of accountability are established and communicated;
- Ensure that all employees (including themselves) have H&S information and training relevant to their role and the risks in the school;
- Considering nominating a person to act as the focal point for H&S within the school; and,
- Put into place effective systems for communicating and consulting about H&S to staff and employee / union H&S representatives.

2.4 Business Manager

The Business Manager is the nominated lead for H&S and as such will have the day to day responsibility for H&S within the school and be required to implement the Headteachers' responsibilities as detailed above. The whole school responsibilities may also include:

- That H&S is included in the procurement of goods and services;
- The selection of contractors and their management whilst on site;
- The recording / reporting of accidents and incidents;
- Organising H&S training for school staff and School Improvement Board Members; and, Preparing H&S reports for the Headteacher and School Improvement Board.

2.5 Teachers and Support Staff

All of a school's workforce have a role in the management of H&S risks. All staff will:

- Take reasonable care of their own H&S and that of others affected by their work;
- Cooperate with the school to keep the workplace safe;
- Not interfere with, or misuse anything provide for H&S;
- Carry out activities and use equipment in accordance with training and instructions; and,
