Also exists in 400ml Ø14cm and 3,5l Ø27cm

**Throw away or... use again!**

The quality of Mozaik's Classic range is such that the items can be re-used 2 or 3 times. While use of a washing-up machine, being too harsh, is not recommended for the Classic range, normal hand washing will ensure that our products retain their attractive appearance and can be used again and again. Mozaik products are therefore a wise choice from a money-saving point of view, an argument which goes down particularly well with modern consumers.
