## Daytime Running Lights

Multifunctional daytime running light colour finish black or chrome. The lighting package perfectly integrates and applies a visible statement of sportiness – even when turned off. With its auxiliary highbeam headlights and fog lights, it ensures an optimum illumination of the road in front of you.

## Front Spoiler

The Grand GT front bumper is distinguished by powerful emotional design and dynamic looks. Featuring integrated multi-function DRL system and integral splitter and intake ducts for maximum performance and styling.

## Aero Hood with Air Outlets

The Aero bonnet with integral air outlets is produced in the highest quality Carbon Fibre. A number of options can be specified, either painted body colour, or natural carbon in gloss or matt finish available.

**Price** £8495

## Extended Rear Arches

An integral feature of the Grand GT, the widebody theme is carried with an increase in body width at the rear of 84mm

## 22" Formula III Lightweight Forged Alloys

Distinctive TECHART styling, exclusively manufactured to the highest TECHART quality standards. Needless to say, all TECHART wheels are available in individually matched custom colours. Options include colour coding, body colour, contrast lip and three different styling options.

## Side Skirts

Integral part of the Grand GT styling, carrying the wide stance along the flanks

## Rear Spoiler II

Form and function, the contours of the Grand GT body are accentuated with the purposeful rear spoiler for improved stability and rear downforce.

Price £4795

## Front Flares with Extended Arches

An integral feature of the Grand GT, the widebody theme is carried with an increase in body width at the front of 42mm
